Council of Connecticut Academic Library Directors
Connecticut Library Consortium
Reciprocal Library Borrowing Agreement

You are about to receive a library card that will provide you with immediate and direct borrowing privileges at the participating academic libraries of the Council of Connecticut Academic Libraries. This service is made possible under the auspices of the Council and through the cooperation of the individual program participants. Your card is valid for one semester. You may obtain a new card each semester by updating your application at the library of your own institution.

Libraries participating during the current academic year are listed on the chart you will receive. You will be required to observe all policies of the lending libraries, which may differ greatly from those of your own institution. The differences may be particularly important in relation to circulation periods, overdue fines, and charges for non-return of materials. Please be forewarned that some of these libraries charge substantial processing fees in addition to the replacement cost of a lost item.
