AAACE Proposal Review and Acceptance

A peer review will be conducted based on the following criteria:

- Commitment to adult learning principles
- An informative and enticing abstract
- The session description matches the session abstract
- Applicable and relevant learning outcomes
- Content that demonstrates a relationship to the conference theme
- Clearly defined and applicable content
- Well-defined and understandable format
- A format that includes interactive, participatory, components
- The proposal contains minimal spelling, grammatical, and typographical errors

Available session slots will be filled by the highest-ranking proposals, as space permits. The Program Committee may, at its discretion, combine related presentations or change the presentation type. You will be notified of changes in the acceptance decision.
