Buck has held positions in engineering, university administration, economic development, and business consulting. In 1981 he founded ComputerWriters, a firm specializing in writing seminars for senior technical writers. In 1989 he founded Cambridge Transcriptions™, a recognized leader in recording and transcription services, and in 2007 founded Boston Court Reporters™, the first E-Reporting company in Massachusetts. Buck holds degrees in engineering from Bucknell University and an MBA from Boston University.

AAERT, President

Vice President

Treasurer

Communications Committee. Chair

Education Committee, Chair

Nominating Committee, Chair (two years)

Strategic Planning Task Force, Member, Board Liaison

Initiated, researched, organized The Executive Forum

(2010-Present)

I am proud to work with all of my colleagues. We are committed to implementing crucial initiatives, and I have been interested in improving the organizational efficiency of AAERT. Our common goals are to rebrand AAERT (logo, tagline, website), fully implement our online certification testing capability, write our first “Policies and Procedures Manual,” adopt education standards, finalize our white paper, put in place a strategy for increasing membership, build a library of continuing education tutorials, expand our outreach to members, identify more opportunities for volunteers, update our bylaws, and expand The Executive Forum.

The industry is at a turning point. We have accomplished much, and we have much to do. If you would like to talk with me about anything—perspective, complaint, idea, desire to volunteer—e-mail me at buck.ewing@aaert.org or call at 617-947-7362 on my mobile. I’d like to talk with you.

I look forward to continuing to help build our Association.

With best wishes,

Buchanan Ewing
