

## CRNA Staff Opportunities

**University of Texas Medical Branch (UTMB)**

**Galveston, Texas**

### **University of Texas Medical Branch (UTMB) – Galveston, Texas**

UTMB opened in 1891 as the nation's first public medical school and hospital under unified leadership. What began as one hospital and a medical school building in Galveston is now a billion-dollar major academic health science center of global influence; with medical, nursing, health professions, public and population health, and graduate biomedical schools; a world-renowned research enterprise; and a growing, comprehensive health system. UTMB Health has hospitals and emergency departments on four campuses, a network of primary and specialty care clinics, urgent care and walk-in services, and collaborations with physicians throughout the region. UTMB provides all levels of care throughout Galveston and Brazoria counties, the Bay Area, and Southeast Texas.

**UTMB Department of Anesthesia** is a unique learning community that provides state-of-the-art anesthetic patient care. Here Residents and Faculty work with each other, with medical students, and with other departments at UTMB to maintain a strong learning community. In addition, our teams of outstanding basic and clinical scientists generate exciting new knowledge.

**CRNA Expectations** - the UTMB Department of Anesthesiology is seeking additional CRNA support to meet the Departments patient care needs. CRNA's are responsible for providing supervised patient care, including anesthesiology pre-op, intra-op, and post-op services. They will also maintain current knowledge about new drugs and techniques as they become available. CRNA's will utilize the processes of assessment, diagnosis, management, and evaluation to provide care that integrates the psychosocial and physical needs of the patient and their family.

#### **Educational and Experience Requirements:**

- Master's degree or higher from a nurse anesthesia educational program accredited by the Council on Accreditation of Nurse Anesthesia Educational Programs (COA).
- Valid State of Texas RN License.
- Valid State of Texas CRNA License.
- National Certification Examination required by the National Board of Certification and Recertification for Nurse Anesthetists (NBCRNA).
- U.S. Citizenship or Employment Authorization to work in the U.S.

**Income Package:** Salary will be competitive, commensurate with experience, and qualifications. In addition, UTMB offers a superior benefits package, an excellent retirement program, as well as other potential incentives.

**Living in South Houston and Galveston, Texas:** Galveston Island is home to approximately 50,000 residents and is known for its 32 miles of Gulf Coast beaches, temperate climate, wide array of leisure and cultural activities, and affordable cost of living – all just south of Houston, the 4<sup>th</sup> largest city in the US. More information about UTMB and Galveston can be found on the UTMB Living Website: <http://www.utmb.edu/utmbliving/>

**For more information, please submit an updated Curriculum Vitae (CV) to,
