La versión en español seguirá.

Dear COPAC Colleagues,

We are very pleased to announce that in association with the ICF, we're planning on hosting an ICF officials' education and examination program in conjunction with the Pan American Canoe and Para Canoe Championships 2018 in Dartmouth, Nova Scotia, Canada.

This event will provide officials the opportunity for both practical and theoretical based learning during and after the races and the course will conclude with an examination. The program opportunity is open for up to 12 total participants. The instructors for this course are highly regarded ICF accredited officials, Jens Kahl and Frank Garner.

All those who are interested and are selected for the program will be required to arrive in Dartmouth no later than September 11th, with the course running until September 16th, and all participants will be expected to have the ability to work in the English language.

You will be notified by the ICF once you've been accepted after the application period has closed.
