APPENDIX 1: CONSULTANT OUT-OF-SCOPE WORK REQUEST (COWR)
New York State Department of Transportation
CONSULTANT OUT-OF-SCOPE WORK REQUEST
(COWR)

Part 1 - Consultant Request
(To be completed by Consultant before starting work prior to final execution of revised supplemental agreement)

Date: 07/02/2009, FIN(s): X735.66
Contract #: D010233  P.A. #: 

Project Title: Bridge Rehabilitation Services, Final Design Phases V-VI, Kaw-Carlands Interchange, Infrastructure
and Operational Improvement Project, Queens County

Consultant Name: Harderter & Hannover, LLP

Brief Summary of Proposed Work and Explanation Why It Constitutes Out-of-Scope Work:
CRM (CRITICAL PATH METHOD) PROGRESS SCHEDULE was not included in the original scope of services or any supplemental agreement.

Estimated Cost of Proposed Work: $27,175.56

Tasks which are beyond the scope of the current agreement must be performed on the above project. Pursuant
to Contract Article 7(6), this notification is being made to (check one):

☒ A. Request concurrence to proceed with this work based on approval of the attached proposal [scope of
services, staffing breakdown, and summary of Direct Non-Salary Costs (DNSC)].

☐ B. Request concurrence to begin this work pending the submission of a scope of services, staffing
breakdown, and DNSC. This information will be sent to the Consultant Job Manager no later than
(at not to exceed 14 days from the date of this notice). The work must be started immediately,
because: ___

The consultant recognizes that all consultant work performed before the full execution of an agreement is "at
risk." In the unlikely event that an agreement cannot be executed, there will be no contractual basis for
payment for this work. No work will be performed before NYS DOT concurrence as indicated on the reverse of
this form.

Submitted By: ___________________________   7/8/09
Consultant Signature   Date
Part II - NYSDOT Action
(to be completed by Consultant/Job Manager)

☐ A. The Consultant may proceed, under at-risk conditions, with the work as described in the consultant's Proposal dated 7/8/2009. The estimated cost of this work (including preliminary estimates of applicable fixed fee and overhead) is $521,753.58. The final value will be determined by the NYSDOT Contract Management Bureau upon review of overhead rates, wage rates, Direct Non-Salary Costs, applicable fixed fee and other associated charges.

☐ B. The Consultant may proceed, under at-risk conditions, with the work pending conclusion of negotiations. Work is limited to a maximum consultant expenditure of _____ (not to exceed $50,000 or 5% of current MAP, whichever is less). When this limit is reached, work shall cease or a new NYSDOT consent shall be obtained. This amount does not increase the current Maximum Amount Payable for the current contract which can only be done by executed supplemental agreement.

☐ C. The work described above shall not be started because:

If A or B: Funding availability was discussed with Regional Planning and Programming on _____

RECOMMENDED BY: [Signature] Consultant/Job Manager DATE: 7/4/09 COWF#: _____

CONCURRENCE: [Signature] Director/Regional Group Director/ Section Manager DATE: 7/4/09

COMMENTS: _____

Consultant/Job Manager to send copies of completed form to: Consultant, RPPM, Regional Group Director, Appropriate Main Office, Functional Unit; Consultant Management Bureau, and Contract Management Bureau

TOTAL P. 002
Bridge Rehabilitation, Final Design (Phases V-VI)
Rehabilitation of Nine Bridges and Operational Improvements of the Van Wyck Expressway
Queens County, New York
PIN X735.56.121, D010285

Scope of Services:
The Consultant will develop a detailed time-scaled Preliminary Planned Baseline Construction Schedule using the Critical Path Method (CPM) on Primavera P5 software, or newer release that can be loaded on the Department's network servers.

The Consultant will utilize the NYSDOT Enterprise Project Structure (EPS) and Standard Work Breakdown Structure (WBS), Global Activity Codes, Global Calendars, Global Filters, Resources and Reports and generate project specific Work Breakdown Structure (WBS), Activity Codes, Calendars, filters, Resources and Reports necessary in creating the Preliminary Planned Baseline Construction Schedule. The Standard WBS and Global Codes shall be used to organize project activities across the enterprise project structure according to specific categories. In addition, the project specific WBS and Activity Codes will be used to supplement the Global Codes to organize project activities for a specific project.

The Consultant will identify all major activities and estimated duration for each activity, their relationship to develop the project's proposed network diagram. The Consultant shall also identify any project/activity specific constraints and implement same on the corresponding activities or calendars. The Consultant shall identify the anticipated "Planned Start" date and computed the projected early/latest start/finish dates based on the activities durations, using backward and forward passes and floats calculations. The schedule will reflect the scheduling restriction imposed on the start or finish dates of each activity, and identify potential construction schedule delay or other factors that may impact the critical path of the overall construction schedule and required extension of time for completion of the project.

A project specific network diagram will be developed with series of activities that determine the earliest completion of the project. The Preliminary Planned Baseline Construction Schedule will define the critical activities being on the longest path. The network analysis technique will be used to predict the project duration by analyzing the sequence of activities that has the least amount of scheduling flexibility. The scheduling technique utilizing activities, duration, and interrelationships/dependencies, such that all activities are interrelated with logic ties from the beginning of the project to the completion of the project. Milestone dates will be used to identify the beginning and end of a major stage.

The Consultant will develop and deliver a preliminary Planned Baseline Construction Schedule with anticipated dates entered in the project details.

Assumptions/Notes:
The Consultant is not required to perform the work progress analysis during construction.

The above scope considers Design Consultant constraints for developing a CPM with no specific knowledge of Contractor's Means and Methods. The Contractor's selected Means and Methods will be the determining factor in the actual Construction Schedule.

APPENDIX 2: Port Authority RFP for a $0 contract
August 27, 2010

SUBJECT: REQUEST FOR PROPOSALS FOR THE PERFORMANCE OF EXPERT PROFESSIONAL STRUCTURAL ENGINEERING SERVICES (BRIDGES) ON A “CALL-IN” BASIS DURING 2011

Dear Sir or Madam:

We are pleased to inform you that your firm has been selected to be on the Engineering Department’s short list of firms invited to submit proposals for the performance of professional Structural engineering services (bridges) as part of the Architectural/Engineering Design Division’s Call-In Program for 2011 - 2014.

As part of this program, The Port Authority of New York and New Jersey, hereinafter referred to as the “Authority”, requests your Proposal for furnishing the subject services on a “call-in” basis. Attached hereto is a copy of an Authority standard agreement, including Attachment A thereto, which should be carefully reviewed by you as it is the form of agreement that the Authority intends that you sign in the event of acceptance of your Proposal and forms the basis for the submission of proposals.

At the Authority’s discretion, selected Consultants may be required to enter into a new agreement for each of the following three (3) years (2012, 2013, and 2014), in which case, such new agreement(s) shall be identical to this agreement unless otherwise mutually agreed upon by the parties. Subsequent agreements shall be sent to the Consultant as noted above at least 30 days prior to the end of the current term.

I. PROPOSAL REQUIREMENTS:

To respond to this RFP, submit a concise proposal complying with each of the following format basic criteria:

A. To be acceptable, proposals shall be of no more than 25 pages (single-sided using 12 point or greater font size) not including resumes and certifications. Each resume shall be 2-page maximum, single-sided using 12 point or greater font size. The Proposal pages shall be numbered and bound, or in a 3-ring binder, with "Your Firm Name", and RFP Number 21976 clearly indicated on the cover.

B. Each section of the proposal shall be separated with a tab divider that is labeled in accordance with the letter of the requirements specified below.

C. All proposals must be delivered in sealed envelopes and/or packages. Address Proposal to: The Port Authority of New York and New Jersey, One Madison Avenue, 7th Floor, New York, NY 10010, Attention: RFP Custodian. You are requested to submit one (1) reproducible original and three (3) copies, along with one (1) compact disc copy, of your
Proposal for review. Notwithstanding retention of the compact disc, in case of conflict, the reproducible original of the proposal and the written hard copy Agreement, if awarded, shall take precedence over material on the compact disc.

D. In each submission to the Authority, including any return address label, information on the compact disc and information on the reproducible original and copies of the proposal, the Proposer shall use its FULL LEGAL NAME WITHOUT ABBREVIATIONS. Failure to comply with requirement may lead to delays in agreement award and payments, which shall be the responsibility of the Proposer.

E. Your Proposal should be received in sufficient time so that the Authority receives it no later than 2:00 p.m. on September 17, 2010. The cover of your submittal must include the RFP Number and the RFP title as indicated in the subject above. The Authority assumes no responsibility for delays caused by any delivery services.

F. If your proposal is to be delivered by messenger, please note that only individuals with proper identification (e.g. photo identification) will be permitted access to the Authority’s offices. Messengers without proper identification will be turned away and their packages not accepted.

II. SUBMISSION REQUIREMENTS:

To respond to this RFP, provide the following information:

A. In the front of your Proposal, a copy of Attachment B, signed by an officer of your company

B. A completed copy of Attachment C (Company Profile).

C. The “multipliers” referred to in the second and fifth lines of subparagraph 9A of the accompanying Agreement including a breakdown of said multipliers, indicating all of its components (e.g., vacation, holiday, sick pay, workers’ compensation, office rent, insurance, profit).

D. Resumes, including technical qualifications, of all full-time architectural/engineering and technical personnel of your firm who will be assigned to perform the requested services.

E. The name(s), title(s) and hourly rate(s) for architectural/engineering and technical personnel who will be assigned to perform any services requested. Indicate hourly billing rates for partners or principals and actual hourly pay rates for all other billable employees. Indicate your company policy for compensation for premium pay (i.e. holidays, shift differentials, regular days, weekends and night work or union required payments must be included). Typical job titles may include, but are not limited to, the following:

1. Principal or Partner (Billing Rate)
2. Engineers/Architects (Actual Hourly Rate)
3. Technicians (Actual Hourly Rate)

F. Identify the experience of your firm in providing services similar to those contemplated herein. Identify comparable services performed during the last three (3) years, owners, contact information (for verification purposes), and indicate whether said projects were completed on schedule and within budget.
G. The Consultant’s proposed Management Approach to performance of the required services. For the purposes of this RFP, Management Approach shall identify your approach to keeping the client apprised of the project status, and to ensuring the quality of the work product.

II. A complete list of your firm’s affiliates.

I. If the Proposer or any employee, agent or subcontractor of the Proposer may have, or may give the appearance of a possible conflict of interest, the Proposer shall include in its proposal a statement indicating the nature of the conflict. The Authority reserves the right to disqualify the Proposer if, in its sole discretion, any interest disclosed from any source could create, or give the appearance of, a conflict of interest. The Authority's determination regarding any question(s) of conflict of interest shall be final.

J. The Proposer is expected to agree with the standard agreement and its terms and conditions. You should therefore not make any changes in this standard agreement, nor restate any of its provisions in your Proposal or supporting material. However, if the Proposer has any specific exceptions, such exceptions should be set forth in a separate letter included with its response to this RFP. The Authority is under no obligation to entertain or accept any such specific exceptions. Exceptions raised at a time subsequent to proposal submission will not be accepted. The scope of the tasks to be performed by you are set forth in Attachment A to the Authority's standard agreement.

III. SELECTION PROCESS:

The review, rating and ranking of proposals shall first be based upon the technical qualifications as indicated below. The qualifications based selection shall take into consideration the technical qualifications presented, and subsequently cost, as appropriate. After consideration of these factors the Authority may enter into negotiations with the firm (or firms) deemed best qualified in terms of the forgoing factors to perform the required services.

Technical qualifications shall include consideration of the following factors listed in order of importance:

A. qualifications and experience of the staff proposed to perform services hereunder.

B. qualifications and experience of the firm, including the quality of similar services provided to others including the demonstrated ability to complete the services in accordance with the project schedule

C. management approach for the performance of the contemplated services.

IV. ADDITIONAL INFORMATION:

If your firm is selected for performance of the subject services, the agreement you will be asked to sign will include clauses entitled “Certification of No Investigation (Criminal Or Civil Anti-Trust), Indictment, Conviction, Debarment, Suspension, Disqualification and Disclosure Of Other Information” And “Non-Collusive Proposing, And Code Of Ethics Certification; Certification Of No Solicitation Based On Commission, Percentage, Brokerage, Contingent Or Other Fees”. By submitting a proposal the Consultant shall be deemed to have
made the certifications contained therein unless said Consultant submits a statement with his proposal explaining why any such certification(s) cannot be made. Such a submission shall be submitted in a separate envelope along with your proposal, clearly marked “CERTIFICATION STATEMENT”.

It is Authority policy that its consultants, contractors and vendors comply with the legal requirements of the States of New York and New Jersey. Your attention is therefore called to New York State’s requirements that certain contractors, affiliates, subcontractors and subcontractors’ affiliates register with the New York State Department of Taxation and Finance for the purpose of collection and remittance of sales and use taxes. Similarly, New Jersey requires business organizations to obtain appropriate Business Registration Certificates from the Division of Revenue of the State’s Department of the Treasury.

Your attention is directed to Paragraph 23 of the Authority’s Standard Agreement in which the Chief Engineer has stated the goals for Minority Business Enterprise participation. A listing of certified MBE/WBE firms is available to you at your request.

After a review of all proposals received, and oral presentations if applicable, the Authority will forward two copies of the Agreement and Attachment A thereto to the selected firm(s) who shall sign and return both copies. The return of one copy executed by the Authority will effectuate the Agreement.

Proposers are advised that additional vendor information, including, but not limited to forms, documents and other related information may be found on the Authority website at www.panynj.gov.

V. TASK ORDER DISTRIBUTION/SOLICITATION PROCESS

If your firm is awarded an agreement for performance of the subject services, you should be aware of the following procedure in regard to the distribution of work assignments. The Authority’s distribution goals for all such services are as follows:

A. For the performance of task order services typically valued at less than $100,000 in total (including project changes, and contingencies, if any) as determined by the Authority, selected firms ranked higher in response to this “call-in” RFP shall have an opportunity to submit a proposal for performance of a quantum of work monetarily valued greater or equal to the value of work opportunities presented to selected firms ranked lower.

The Authority, at its discretion, may request a proposal from, and negotiate with, multiple highly ranked firms for work valued at less than $100,000. The actual award of such task orders and authorization to proceed with performance of such services is contingent upon submission of an acceptable task order proposal. Failure to submit an acceptable proposal, as determined by the Authority, shall not preclude the Authority from soliciting proposals from another firm(s), and proceeding with the award and performance of such services by others. Failure to submit an acceptable proposal may result in the distribution of such work to the next highest ranked firm, negating the Authority’s goal as stipulated in the preceding paragraph.

B. The Authority may issue a Task Order Solicitation to multiple firms awarded call-in contracts, or that were notified of eligibility for award of such a contract (in the event of
increased workload), at its discretion. Such solicitations will result in an award to that firm that best meets the requirements of the task order. Performance of such services - regardless of the work's monetary value, or the selected firm’s initial ranking (prior to issuance of a Task Order Solicitation) need not comply with the distribution goals identified in paragraph A, above.

The distribution goals do not represent a contractual or other obligation on the part of the Authority, and do not preclude the Authority from distributing work in a manner, which in its judgment will, under all circumstances, best serve the public interest.

Should you have any questions, please e-mail them to Ms. Tracy Tiernan at ttiernan@panynj.gov. All questions must be received at least five (5) working days prior to the proposal due date. Neither Ms. Tiernan nor any other employee of the Authority is authorized to interpret the provisions of this RFP or accompanying documents or give additional information as to their requirements. If interpretation or additional information is required, it will be communicated by written addendum issued by the Manager, Professional, Technical and Advisory Services Division, and such writing shall form a part of this RFP, or the accompanying documents, as appropriate.

Proposal preparation costs are not reimbursable by the Authority, and the Authority shall have no obligation to a firm except under a duly authorized agreement executed by the Authority.

No rights accrue to any Proposer except under a duly authorized agreement for performance of the specified services.

The Authority reserves the unqualified right, in its sole and absolute discretion, to reject all Proposals, to undertake discussions and modifications with one or more Consultants and to proceed with that Proposal or modified Proposal, if any, which in its judgment will, under all the circumstances, best serve the public interest.

Sincerely yours,

Mary Lou K. Rivera
Principal Contract Specialist
Professional, Technical and Advisory Services Division
Procurement Department

PERFORMANCE OF EXPERT PROFESSIONAL STRUCTURAL ENGINEERING SERVICES (BRIDGES) ON A “CALL-IN” BASIS DURING 2011

I. BACKGROUND

The Port Authority of New York and New Jersey (the “Port Authority” or “Authority”) is an agency of the States of New York and New Jersey, created and existing by virtue of the Compact of April 30, 1921, made by and between the two States, and thereafter consented to by the Congress of the United States. It is charged with providing transportation, terminal and other facilities of trade and commerce within the Port District. The Port District comprises an area of about 1,500 square miles in both States, centering about New York Harbor. The Port District includes the Cities of New York and Yonkers in New York State, and the cities of Newark, Jersey City, Bayonne, Hoboken and Elizabeth in the State of New Jersey, and over 200 other municipalities, including all or part of seventeen counties, in the two States. The Authority manages and/or operates all of the region’s major commercial airports (Newark Liberty International, John F. Kennedy International, Teterboro, LaGuardia and Stewart International Airports, marine terminals in both New Jersey and New York (Port Newark and Elizabeth, Howland Hook and Brooklyn Piers); and its interstate tunnels and bridges (the Lincoln and Holland Tunnels; the George Washington, Bayonne, and Goethals Bridges; and the Outerbridge Crossing), which are vital “Gateways to the Nation.”

The Authority’s facilities also include all of its wholly owned subsidiaries, such as but not limited to The Port Authority Trans-Hudson Corporation (PATH), that is a heavy-rail rapid-transit system, operating 24 hours a day, seven days a week, and serves as a critical link in the New York-New Jersey transportation network. Consultant shall provide services to the Authority and any of its subsidiaries as required by the Authority.

II. SCOPE OF WORK

The services of the Consultant shall generally consist of preparing structural engineering studies, condition surveys, designs, contract drawings, technical specifications and construction cost estimates for a wide variety of new structures, structural renovation and rehabilitation projects, such as, but not limited to:

A. Rehabilitation, retrofitting or replacing bearings, pin connections and expansion joints at various bridges;
B. Repairing concrete piers and abutments at various bridges;
C. Repairing or strengthening corroded or damaged beams, girders, truss members and their connections;
D. Repairing concrete bridge and tunnel slabs, beams, soffits, walls, traffic barriers and catwalks;
E. Repairing and replacing traffic sign structures and foundations;
F. Design of all types of transportation structures, including new structures;
G. Providing CAD services upon request. Authority CAD Standards are found at: http://www.panynj-cadstandards.com/.

II. DESCRIPTION OF CONSULTANT'S TASKS

Tasks to be performed by the Consultant may include, but shall not be limited to the following:

A. Project Scoping
B. Field Inspections
C. Engineering Investigations
D. Report preparation, documentation and recommendations for corrective measures
E. Construction and Engineering Budget Estimating
F. Preliminary Design
G. Contract Drawing Preparation
H. Construction Cost Estimating
I. Construction Scheduling
J. Technical Specification Preparation
K. Shop Drawing Review and Approval
L. CAD drafting services for designs prepared by Authority staff.

When services to be performed by the Consultant include the preparation of Contract Documents, or the performance of post award services, the Consultant shall submit its specific Quality Control/Assurance Program to the Engineer prior to the performance of said services. When the Consultant has completed preparation of any Contract Documents, it shall submit a letter to the Engineer certifying the Consultant's conformance with the aforementioned Quality Control/Assurance Program. In addition, the Consultant shall complete and submit a Quality Control Checklist provided by the Authority.

Except as otherwise noted herein, all designs and preparation of Contract Documents shall conform to Authority standards, and those codes which would be applicable if the Authority were a private corporation and, in case of a conflict, the more stringent requirement shall apply.

III. CONDITIONS AND PRECAUTIONS

A. General

The Consultant shall immediately inform the Authority of any unsafe condition discovered at any time during the course of this work.

Vehicular and/or pedestrian traffic shall always have priority over any and all of the Consultant's operations.

B. Work Areas

The Consultant shall limit its inspection work to the areas necessary for the performance of such inspection and shall not interfere with the operation of the facility without first obtaining specific approval from the Chief Engineer.
During all periods of time when it is not performing operations at the work site, the Consultant shall store all equipment being used for the inspection in areas designated by the Chief Engineer and shall provide all security required for such equipment.

The Consultant shall not permit any objects or pieces of equipment to lie unattended on sidewalks, roadways or structures at any time.

C. Work Hours

The Consultant shall coordinate its work at the site(s) with the Project Manager, unless otherwise directed by the Chief Engineer.
ATTACHMENT B

PERFORMANCE OF EXPERT PROFESSIONAL
STRUCTURAL ENGINEERING SERVICES (BRIDGES)
ON A "CALL-IN" BASIS DURING 2011

AGREEMENT ON TERMS OF DISCUSSION

The Port Authority’s receipt or discussion of any information (including information contained in any proposal, vendor qualification, ideas, models, drawings, or other material communicated or exhibited by us or on our behalf) shall not impose any obligations whatsoever on the Port Authority or entitle us to any compensation therefor (except to the extent specifically provided in such written agreement, if any, as may be entered into between the Port Authority and us). Any such information given to the Port Authority before, with or after this Agreement on Terms of Discussion ("Agreement"), either orally or in writing, is not given in confidence. Such information may be used, or disclosed to others, for any purpose at any time without obligation or compensation and without liability of any kind whatsoever. Any statement which is inconsistent with this Agreement, whether made as part of or in connection with this Agreement, shall be void and of no effect. This Agreement is not intended, however, to grant to the Port Authority rights to any matter, which is the subject of valid existing or potential letters patent. The foregoing applies to any information, whether or not given at the invitation of the Authority.

Notwithstanding the above, and without assuming any legal obligation, the Port Authority will employ reasonable efforts, subject to the provisions of the Port Authority’s Freedom of Information Policy and Procedure adopted by the Port Authority’s Board of Commissioners on November 20, 2008, which may be found on the Port Authority website at: http://www.panynj.gov/corporate-information/pdf/Freedom-of-Information-Policy-and-Procedure.pdf, not to disclose to any competitor of the undersigned, information submitted which are trade secrets or is maintained for the regulation or supervision of commercial enterprise which, if disclosed, would cause substantial injury to the competitive position of the enterprise, and which information is identified by the Proposer as proprietary, which may be disclosed by the undersigned to the Port Authority as part of or in connection with the submission of a proposal.

REQUEST FOR PROPOSALS FOR THE PERFORMANCE OF EXPERT PROFESSIONAL STRUCTURAL ENGINEERING SERVICES (BRIDGES) ON A “CALL-IN” BASIS DURING 2011 (RFP #21976)

1. Company Name (print or type):

2. Business Address (to receive mail for this RFP):

3. Business Telephone Number:

4. Business Fax Number:

5. Firm website:

6. Federal Employer Identification Number (EIN):

7. Date (MM/DD/YYYY) Firm was Established: ___/___/____

8. Name, Address and EIN of Affiliates or Subsidiaries (use a separate sheet if necessary):

9. Officer or Principal of Firm and Title:

10. Name, telephone number, and email address of contact for questions:

11. Is your firm certified by the Authority as a Minority-owned, Woman-owned or Small Business Enterprise (M/W/SBE)?  □ Yes  □ No

If yes, please attach Port Authority certification as a part of this profile.

If your firm is an M/WBE not currently certified by the Authority, see the Authority’s web site – http://www.panvni.gov/business-opportunities/supplier-diversity.html, to receive information and apply for certification.
Dear CONTACT:

1. The Port Authority of New York and New Jersey (hereinafter referred to as the "Authority") hereby offers to retain FIRM NAME (hereinafter referred to as "the Consultant" or "you") to provide the subject services as more fully set forth in Attachment A, which is attached hereto and made a part hereof, on a "call-in" basis during 2011.

At the Authority’s discretion, the Consultant may be required to enter into a new agreement for performance of said services for each of the following three (3) years (2012, 2013 and 2014), in which case such new agreement(s) shall be identical to this Agreement unless otherwise mutually agreed upon by the parties. Subsequent agreements shall be sent to the Consultant as noted above at least 30 days prior to the end of the current term.

The Authority does not guarantee the ordering of any services under this Agreement and specifically reserves the right, in its sole discretion, to use any person or firm to perform the type of services required hereunder.

This Agreement shall be signed by you and the Director of Procurement. As used herein "Chief Engineer" shall mean the Chief Engineer, or the Deputy Chief Engineer of the Authority, acting either personally or through their duly authorized representatives acting within the scope of the particular authority vested in them unless specifically stated as acting personally.

For the purpose of administering this Agreement, the Chief Engineer has designated ********, Assistant Chief ********, to act as his duly authorized representative. The Project Manager for this project is ********, tel. (***) ***-****, or email address: ********@panynj.gov.

2. Your services shall be performed as expeditiously as possible and at the time or times required by the Chief Engineer. Time is of the essence in the performance of all your services under this Agreement.

3. In response to a request for specific services hereunder and prior to the performance of any such services, you shall submit in writing to the Chief Engineer for approval an estimated cost and staffing analysis of such services. Approval of such cost and direction from the Chief
Engineer in writing to proceed shall effectuate the performance of services under this Agreement. After the point at which your expenditures for such services reach such approved estimated cost, you shall not continue to render any such services unless you are specifically authorized in writing to so continue by the Chief Engineer and you shall submit to him for approval a revised written estimated cost of such services. If no such authorization is issued, the performance of the specifically requested services under this Agreement shall be terminated without further obligation by either of the parties as to services not yet performed, but you shall be compensated as hereinafter provided for services already completed. It is understood, however, that this limitation shall not be construed to entitle you to an amount equal to the approved estimated cost. Preparation of the cost estimate and staffing analysis mentioned in the first sentence of this paragraph shall not be a compensable service hereunder.

4. In order to effectuate the policy of the Authority, the services provided by the Consultant shall comply with all provisions of Federal, State, municipal, local and departmental laws, ordinances, rules, regulations, and orders which would affect or control said services as if the services were being performed for a private corporation, unless the Authority standard is more stringent, in which case the Authority standard shall be followed, or unless the Consultant shall receive a written notification to the contrary signed by the Chief Engineer personally, in which case the requirements of said notification shall apply.

5. The Consultant shall meet and consult with Authority staff as requested by the Chief Engineer in connection with the services to be performed herein. Any Contract Drawings and Technical Specifications and other items to be submitted or prepared by the Consultant hereunder shall be subject to the review of the Chief Engineer. The Chief Engineer may disapprove, if in his sole opinion said items are not in accordance with the requirements of this Agreement, sound engineering principles or are impractical, uneconomical, or unsuited in any way for the purpose for which the contemplated construction is intended. If any of the said items or any portion thereof are so disapproved, the Consultant shall forthwith revise them until they meet the approval of the Chief Engineer, but the Consultant shall not be compensated under any provision of this Agreement for performance of such revisions. No approval or disapproval or omission to approve or disapprove, however, shall relieve the Consultant of his responsibility under this Agreement to furnish in accordance with an agreed upon schedule, a complete, practical, economical design and Contract Drawings and Technical Specifications, and corrections and changes therein which are best suited for the contemplated construction, are done in accordance with sound engineering principles and are signed and sealed by a licensed Professional Engineer.

6. When the services to be performed by the Consultant include the preparation of contract documents, or the performance of post award services, the Consultant shall submit his specific Quality Control/Assurance Program to the Chief Engineer prior to the performance of said services. When the Consultant has completed preparation of any contract documents required hereunder he shall submit a letter to the Chief Engineer certifying the Consultant’s conformance with the aforementioned Quality Control/Assurance Program.

7. When the services to be performed by the Consultant include the preparation of computer aided design and drafting (CADD) documents, said documents must be prepared using the latest
available revision of Autodesk's "AUTOCAD" software or as directed by the Engineer prior to the performance of specific services. All drawings shall be prepared in strict conformance to the Port Authority CAD Standards. All submissions of CAD drawings shall be submitted to the Authority on compact discs, uploaded to the Project Website, or as otherwise required in DWG and DWF format in accordance with the Port Authority CAD Standards.

8. You shall not continue to render services under this Agreement after the point at which the total amount to be paid to you hereunder including reimbursable expenses reaches the combined total of each of the approved estimated costs unless you are specifically authorized in writing to so continue by the Chief Engineer. If no such authorization is issued, this Agreement shall be terminated without further obligation by either of the parties as to services not yet performed, but you shall be compensated as hereinafter provided for services already completed.

9. As full compensation for all your services and obligations in connection with this Agreement, the Authority will pay you the total of the amounts computed under subparagraphs A, B, C, and D below, subject to the limits on compensation and provisions set forth in paragraph 3 and 8 above. Subject to the terms and conditions below, travel time is not reimbursable under subparagraphs A, B, and C hereunder.

A. For work performed at the Consultant's offices, the Consultant will be compensated at an amount equal to \(*.*\) times the actual salaries paid by you to professional and technical personnel (but not partners or principals) for time actually spent by them in the performance of services hereunder; for work performed at Authority office(s), as mutually agreed upon, the Consultant shall be compensated at an amount equal to \(*.*\) times the actual salaries paid by you to professional and technical personnel (but not partners or principals) for time actually spent by them in the performance of services hereunder; plus an amount equal to the number of hours actually spent by partners and principals in the performance of services hereunder times the billing rate (no multiplier applied) described below but in each case excluding premium payments for overtime work or night work or for performing hazardous duty. Attached hereto is a schedule of actual salaries and titles of architects, engineers, technical staff or other permanent professional and technical personnel employed by you, as well as rates customarily billed for partners and principals on projects such as this. Said staffing schedule shall clearly indicate any of your employees, as proposed by you to perform the requested services that are former Authority employees. For compensation purposes under this Agreement, no said salary or amount shall exceed the salary or amount received by said personnel or rate customarily billed for a partner or principal as of the effective date of this Agreement unless the Chief Engineer has been notified in advance, in writing, of the increased salary, rate or amount and approves the increase.

The Authority reserves the right of approval of all personnel, amounts, billing rates and salaries of personnel performing services under this Agreement. When requesting salary or billing rate adjustments for one or more of its personnel, the Consultant shall submit his/her name, title, current direct hourly rate or billing rate, proposed new direct hourly salary or billing rate, resulting percentage increase, effective date and reason for the requested adjustment setting forth in detail any increased costs to the Consultant of providing the services under this Agreement.
which has given rise to the request for increased salary. For adjustments submitted after the
effective date of this Agreement it is the intention of the Authority to grant an increase if the
Consultant demonstrates compliance with all of the following conditions: that increases in
salary, or partner's or principal's billing rate or amount are a) in accordance with the program of
periodic merit and cost of living increases normally administered by it, b) warranted by increased
costs of providing services under this Agreement, c) are based upon increases in salaries and
billing rates which are generally applicable to all of Consultant’s clients and d) are in accordance
with the Authority’s salary rate increase policy for the current year for Authority employees
possessing comparable skills and experience. If during any calendar year, Authority limits are
not available to the Consultant in a timely fashion, increases falling within such limits may be
approved retroactively, as appropriate. The amount of increase in salary or billing rate, if any, to
be applicable under this Agreement shall in all cases be finally determined by the Chief Engineer
or his designee, in his sole and absolute discretion.

Notwithstanding the above, the multipliers set forth in the second and fifth lines of this
subparagraph shall be applied only in the case of personnel other than partners or principals who
are permanent employees.

B. An amount equal to the premium payments for overtime work or night work or for
performing hazardous duty, actually paid to partners or principals, project/program management
or other professional and technical employees for time actually spent by them in the performance
of services hereunder when such overtime or other premium payments have been demonstrated
to be in accordance with the Consultant's normal business practice and have been authorized in
advance by the Chief Engineer in writing. The Project Manager for the Authority shall have the
right to authorize and approve premium payments up to a total amount of $1,000 per occasion.
Payments above said total amount shall be subject to the prior written authorization of the Chief
Engineer. Such premium payments to supervisory employees, who do not receive such payments
in the Consultant's normal business practice shall not be given under this Agreement.

C. An amount equal to the amounts actually paid to subconsultants hereunder who have been
retained after the written approval by the Chief Engineer of the subconsultant and the
compensation to be paid the subconsultant. The Consultant shall submit a copy of the terms and
conditions of the subconsultant's compensation (including multiplier, if applicable), as well as an
estimate of the number of hours required by the subconsultant to perform his services, as part of
any request for approval of the subconsultant.

D. The Consultant will also be compensated at an amount equal to the out-of-pocket
expense, approved in advance by the Chief Engineer, necessarily and reasonably incurred, and
actually paid by you in the performance of your services hereunder. Out-of-pocket expenses are
expenses that are unique to the performance of your services under this Agreement and generally
contemplate the purchase of outside ancillary services, except that for the purpose of this
Agreement, out-of-pocket expenses do include amounts for long distance telephone calls; rentals
of equipment; travel and local transportation; and meals and lodging on overnight trips.

Notwithstanding the above the Authority will pay an amount approved in advance by the Chief
Engineer and computed as follows for the reproduction of submittal drawings, specifications and
reports:
1) If the Consultant uses its own facilities to reproduce such documents, an amount computed in accordance with the billing rates the Consultant customarily charges for reproduction of such documents on agreements such as this, or

2) If the Consultant uses an outside vendor for the reproduction of such documents, the actual, necessary and reasonable amounts for the reproduction of such documents.

The Authority will not pay for expenses that are usually and customarily included as part of the Consultant's overhead. For the purposes of this Agreement out-of-pocket expenses do not include amounts for typing, utilization of computer systems, computer aided design and drafting (CADD), cameras, recording or measuring devices, flashlights and other small, portable equipment, safety supplies, phones, telephone calls, electronic messaging including FAX, Telex and telegrams, or expendable office supplies. Unless otherwise indicated, required insurance is not a reimbursable expense.

When the Consultant uses his personal vehicle to provide services within the Port District, the Consultant will be reimbursed for travel expenses beyond normal commuting costs at a rate not higher than the Annual Federal Mileage Reimbursement Rate (as determined by the Internal Revenue Services) per mile traveled by auto.

When the Consultant is asked to provide services outside the Port District, the actual cost of transportation as well as the cost for hotel accommodations and meals shall be reimbursable hereunder when approved in advance by the Chief Engineer. The cost for all meals and lodging on approved overnight trips is limited to the amounts established by the United States General Services Administration for that locality.

General Services Administration (GSA) Rates:

Domestic Rates:
http://www.gsa.gov/Portal/gsa/ep/contentView.do?programId=9704&channelId=15943&oid=16365&contentId=17943&pageTypeId=8203&contentType=GSA_BASIC&programPage=%2Fep%2Fprogram%2FgsaBasic.jsp&P=MTT

You shall obtain the Chief Engineer's written approval prior to making expenditures for out-of-pocket expenses in excess of $1,000 per specific expenditure and for all overnight trips, that are reimbursable expenditures as set forth above. You shall substantiate all billings for out-of-pocket expenses in excess of $25 with receipted bills and shall provide said receipts with the appropriate billing.

E. As used herein:

"Port District" is an area comprised of about 1,500 square miles in the States of New York and New Jersey, centering about New York Harbor. The Port District includes the Cities of New York and Yonkers in New York State, and the cities of Newark, Jersey City, Bayonne, Hoboken and Elizabeth in the State of New Jersey, and over 200 other municipalities, including all or part of seventeen counties, in the two States.

"Salaries paid to employees" or words of similar import shall mean salaries and amounts actually paid (excluding payments or factors for holidays, vacations, sick time, bonuses, profit participations and other similar payments) to architects, engineers, designers, drafters and to
other professional and technical employees of the Consultant for time actually spent directly in the performance of technical services hereunder and recorded on daily time records which have been approved by the employee's immediate supervisor, excluding the time of any employee of the Consultant to the extent that the time of such employee of the Consultant is devoted to typing/word processing, stenographic, clerical or administrative functions. Such functions shall be deemed to be included in the multiplier referred to in subparagraph A above.

10. You shall keep, and shall cause any subconsultants under this Agreement to keep, daily records of the time spent in the performance of services hereunder by all persons whose salaries or amounts paid thereto will be the basis for compensation under this Agreement as well as records of the amounts of such salaries and amounts actually paid for the performance of such services and records and receipts of reimbursable expenditures hereunder, and, notwithstanding any other provisions of this Agreement, failure to do so shall be a conclusive waiver of any right to compensation for such services or expenses as are otherwise compensable hereunder. The Authority shall have the right to audit all such records.

The Authority shall have the right to inspect your records, and those of your subconsultants, pertaining to any compensation to be paid hereunder, such records to be maintained by you and your subconsultants for a period of one year after completion of services to be performed under this Agreement.

11. On or about the fifteenth day of each month, you shall render a bill for services performed and reimbursable out-of-pocket expenses incurred in the prior month, accompanied by such records and receipts as required, to the Project Manager. Each invoice shall bear your taxpayer number and the purchase order number provided by the Chief Engineer. Upon receipt of the foregoing, the Chief Engineer will estimate and certify to the Authority the approximate amount of compensation earned by you up to that time. As an aid to you the Authority shall, within fifteen days after receipt of such certification by the Chief Engineer, advance to you by check the sum certified minus all prior payments to you for your account.

12. The Authority may at any time for cause terminate this Agreement as to any services not yet rendered, and may terminate this Agreement in whole or in part without cause upon three (3) days notice to you. You shall have no right of termination as to any services under this Agreement without just cause. Termination by either party shall be by certified letter addressed to the other at its address hereinbefore set forth. Should this Agreement be terminated in whole or in part by either party as above provided, you shall receive no compensation for any services not yet performed, but if termination is without fault on your part, the Authority shall pay you as the full compensation to which you shall be entitled in connection with this Agreement the amounts computed as above set forth for services completed to the satisfaction of the Chief Engineer through the date of termination, minus all prior payments to you.

13. You shall not issue or permit to be issued any press release, advertisement, or literature of any kind, which refers to the Authority or the services performed in connection with this Agreement, unless you first obtain the written approval of the Chief Engineer. Such approval
may be withheld if for any reason the Chief Engineer believes that the publication of such
information would be harmful to the public interest or is in any way undesirable.

14. Under no circumstances shall you or your subconsultants communicate in any way with any
contractor, department, board, agency, commission or other organization or any person whether
governmental or private in connection with the services to be performed hereunder except upon
prior written approval and instructions of the Chief Engineer, provided, however that data from
manufacturers and suppliers of material shall be obtained by you when you find such data
necessary unless otherwise instructed by the Chief Engineer.

15. Any services performed for the benefit of the Authority at any time by you or on your behalf,
even though in addition to those described herein, even if expressly and duly authorized by the
Authority, shall be deemed to be rendered under and subject to this Agreement (unless referable
to another express written, duly executed agreement by the same parties), whether such
additional services are performed prior to, during or subsequent to the services described herein,
and no rights or obligations shall arise out of such additional services.

16. No certificate, payment (final or otherwise), acceptance of any work nor any other act or
omission of the Authority or the Chief Engineer shall operate to release you from any obligations
under or upon this Agreement, or to estop the Authority from showing at any time that such
certificate, payment, acceptance, act or omission was incorrect or to preclude the Authority from
recovering any money paid in excess of that lawfully due, whether under mistake of law or fact
or to prevent the recovery of any damages sustained by the Authority.

17. Mylars of the contract drawings, originals of technical specifications, estimates, reports,
records, data, charts, documents, renderings, computations, computer tapes or disks, and other
papers of any type whatsoever, whether in the form of writing, figures or delineations, which are
prepared or compiled in connection with this Agreement, shall become the property of the
Authority, and the Authority shall have the right to use or permit the use of them and any ideas or
methods represented by them for any purpose and at any time without other compensation than
that specifically provided herein. The Consultant hereby warrants and represents that the
Authority will have at all times the ownership and rights provided for in the immediately
preceding sentence free and clear of all claims of third persons whether presently existing or
arising in the future and whether presently known to either of the parties of this Agreement or
not. This Agreement shall not be construed, however, to require the Consultant to obtain for the
Consultant and the Authority the right to use any idea, design, method, material, equipment or
other matter which is the subject of a valid patent, unless owned by the Consultant, or
subconsultant, or an employee of either. Whether or not your Proposal is accepted by the
Authority, it is agreed that all information of any nature whatsoever which is in any way
connected with the services performed in connection with this Agreement, regardless of the form
in which it has been or may be given by you or on your behalf, whether prior or subsequent to the
execution of this Agreement, to the Authority, its Commissioners, officers, agents or employees,
is not given in confidence and may be used or disclosed by or on behalf of the Authority without
liability of any kind, except as may arise under valid existing or pending patents, if any.
18. If research or development is furnished in connection with the performance of this Agreement and if in the course of such research or development patentable subject matter is produced by the Consultant, his officers, agents, employees, or subconsultants, the Authority shall have, without cost or expense to it, an irrevocable, non-exclusive royalty-free license to make, have made, and use, either itself or by anyone on its behalf, such subject matter in connection with any activity now or hereafter engaged in or permitted by the Authority. Promptly upon request by the Authority, the Consultant shall furnish or obtain from the appropriate person a form of license satisfactory to the Authority, but it is expressly understood and agreed that, as between the Authority and the Consultant the license herein provided for shall nevertheless arise for the benefit of the Authority immediately upon the production of said subject matter, and shall not await formal exemplification in a written license agreement as provided for above. Such license agreement may be transferred by the Authority to its successors, immediate or otherwise, in the operation or ownership of any real or personal property now or hereafter owned or operated by the Authority but such license shall not be otherwise transferable.

19. Notwithstanding anything to the contrary herein, the work product of the Consultant, its officers, agents, employees, or sub-consultants which is produced in accordance with the Agreement, whether it consists of computer programming or documentation thereof, including source code, and on any media whatsoever, shall be deemed to belong exclusively to the Authority, and the Authority shall have the exclusive right to obtain and to hold in its own name any and all copyrights, patents, trade secrets or other proprietary rights and protection as may be produced as part of this work product, including the right to extensions or renewals, where appropriate. The work product shall not be destroyed or released to anyone outside of the Engineering Department without express written authorization of the Chief Engineer. The Authority shall have the exclusive right to use or permit the use of them and any ideas or methods represented by them for any purpose and at any time without other compensation than that specifically provided for herein. You agree to contract with your employees for the benefit of the Authority to insure that the Authority has such rights and to give to the Authority or any party designated by the Authority all assistance reasonably required to perfect the rights herein above stated. You shall indemnify and hold harmless the Authority against any claims of proprietary rights infringement arising out of such use of your work product.

20. You shall promptly and fully inform the Chief Engineer, in writing, of any intellectual property disputes, whether existing or potential, of which you have knowledge, relating to any idea, design, method, material, equipment or other matter related to the subject matter of this Agreement or coming to your attention in connection with this Agreement.

21. You shall promptly and fully inform the Chief Engineer in writing of any patents or patent disputes, whether existing or potential, of which you have knowledge, relating to any idea, design, method, material, equipment or other matter related to the subject matter of this Agreement or coming to your attention in connection with this Agreement.

22. This Agreement being based upon your special qualifications for the services herein contemplated, any assignment, subletting or other transfer of this Agreement or any part hereof or
of any moneys due or to become due hereunder without the express consent in writing of the Authority shall be void and of no effect as to the Authority, provided, however, that you may sublet services to subconsultants with the express consent in writing of the Chief Engineer. All persons to whom you sublet services, however, shall be deemed to be your agents and no subletting or approval thereof shall be deemed to release you from your obligations under this Agreement or to impose any obligation on the Authority to such subconsultant or give the subconsultant any rights against the Authority.

23. The Authority has a long-standing practice of encouraging Minority Business Enterprises (MBEs) and Women Business Enterprises (WBEs) to seek business opportunities with it, either directly or as subconsultants or subcontractors. "Minority-owned business" or "MBE" means a business entity which is at least 51 percent owned by one or more members of one or more minority groups, or, in the case of a publicly held corporation, at least 51 percent of the stock of which is owned by one or more members of one or more minority groups; and whose management and daily business operations are controlled by one or more such individuals who are citizens or permanent resident aliens. "Women-owned business" or "WBE" means a business which is at least 51 percent owned by one or more women; or, in the case of a publicly held corporation, 51 percent of the stock of which is owned by one or more women; and whose management and daily business operations are controlled by one or more women who are citizens or permanent resident aliens.

"Minority group" means any of the following racial or ethnic groups:

A. Black persons having origins in any of the Black African racial groups not of Hispanic origin;

B. Hispanic persons of Puerto Rican, Mexican, Dominican, Cuban, Central or South American culture or origin, regardless of race;

C. Asian and Pacific Islander persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent or the Pacific Islands;

D. American Indian or Alaskan Native persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification.

The Chief Engineer has set a goal of 12 percent participation by qualified and certified MBEs and 5 percent to qualified and certified WBEs on technical service projects.

To be "certified" a firm must be certified by the Authority's Office of Business and Job Opportunity.

In order to facilitate the meeting of this goal, the Consultant’s shall use every good faith effort to utilize subconsultants who are certified MBEs or WBEs to the maximum extent feasible.

The Authority has a list of certified MBE/WBE service firms which is available to you at your request. The Consultant will be required to submit to the Authority's Office of Business and Job Opportunity for certification the names of MBE/WBE firms he proposes to use who are not on the list of certified MBE/WBE firms.
24. NOTIFICATION OF SECURITY REQUIREMENTS

The Authority has facilities, systems, and projects where terrorism or other criminal acts may have a significant impact on life safety and key infrastructures. The Authority reserves the right to impose multiple layers of security requirements on the Consultant, its staff and subconsultants and their staffs depending upon the level of security required, as determined by the Authority. These security requirements may include but are not limited to the following:

- Consultant/subconsultant identity checks and background screening, including but not limited to: inspection of not less than two forms of valid/current government issued identification (at least one having an official photograph) to verify staff’s name and residence; screening federal, state, and/or local criminal justice agency information databases and files; screening of any terrorist identification files; multi-year check of personal, employment and/or credit history; access identification to include some form of biometric security methodology such as fingerprint, facial or iris scanning, or the like;

- Requiring that the Consultant/subconsultant execute a Non-Disclosure and Confidentiality Agreement regarding the disclosure of Confidential Information;

- Issuance of Photo Identification cards;

- Access control, inspection, and monitoring by security guards.

The Consultant may be required to have its staff, and any subconsultant’s staff, authorize the Authority or its designee to perform background checks. Such authorization shall be in a form acceptable to the Authority. The Consultant may also be required to use an organization designated by the Authority to perform the background checks. The cost for said background checks shall be reimbursable to the Consultant as an out-of-pocket expense as provided herein.

The Authority may impose, increase, and/or upgrade security requirements for the Consultant and its staff and subconsultants during the term of this Agreement to address changing security conditions and/or new governmental regulations.

25. The Consultant assumes the following distinct and several risks to the extent arising from the negligent or willful intentional acts or omissions of the Consultant or its subconsultants in the performance of services hereunder:

A. The risk of loss or damage to Authority property arising out of or in connection with the performance of services hereunder;

B. The risk or loss or damage to any property of the Consultant or its subconsultants arising out of or in connection with the performance of services hereunder;

C. The risk of claims, arising out of or in connection with the performance of services hereunder, whether made against the Consultant or its subconsultants or the Authority, for loss or damage to any property of the Consultant’s agents, employees, subcontractors, subconsultants, materialmen or others performing services hereunder;

D. The risk of claims, just or unjust, by third persons made against the Consultant or its subconsultants or the Authority on account of injuries (including wrongful death), loss or damage
of any kind whatsoever arising in connection with the performance of services hereunder including claims against the Consultant or its subconsultants or the Authority for the payment of workers’ compensation, whether such claims are made and whether such injuries, damage and loss are sustained at any time both before and after the completion of services hereunder.

The Consultant shall indemnify the Authority against all claims described in subparagraphs A through D above and for all expense incurred by it in the defense, settlement or satisfaction thereof, including expenses of attorneys. If so directed, the Consultant shall defend against any claim described in subparagraphs B, C and D above, in which event the Consultant shall not without obtaining express advance permission from the General Counsel of the Authority raise any defense involving in any way jurisdiction of the tribunal, immunity of the Authority, governmental nature of the Authority or the provisions of any statues respecting suits against the Authority, such defense to be at the Consultant’s cost.

The provisions of this clause shall also be for the benefit of the Commissioners, officers, agents and employees of the Authority, so that they shall have all the rights which they would have under this clause if they were named at each place above at which the Authority is named, including a direct right of action against the Consultant to enforce the foregoing indemnity, except, however, that the Authority may at any time in its sole discretion and without liability on its part cancel the benefit conferred on any of them by this clause, whether or not the occasion for invoking such benefit has already arisen at the time of such cancellation.

Neither the completion of services hereunder nor the making of payment (final or otherwise) shall release the Consultant from his obligations under this clause. Moreover, neither the enumeration in this clause nor the enumeration elsewhere in this Agreement of particular risks assumed by the Consultant or of particular claims for which he is responsible shall be deemed (a) to limit the effect of the provisions of this clause or of any other clause of this Agreement relating to such risks or claims, (b) to imply that the Consultant assumes or is responsible for risks or claims only of the type enumerated in this clause or in any other clause of this Agreement, or (c) to limit the risks which the Consultant would assume or the claims for which he would be responsible in the absence of such enumerations.

No third party rights are created by the Agreement, except to the extent that the Agreement specifically provides otherwise by use of the words "benefit" or "direct right of action".

Inasmuch as the Authority has agreed to indemnify the Cities of New York and Newark against claims of the types described in subparagraph D above made against said cities, the Consultant’s obligation under subparagraph D above shall include claims by said cities against the Authority for such indemnification.

26. LIABILITY INSURANCE AND WORKERS’ COMPENSATION INSURANCE

A. Commercial Liability Insurance:

1) The Consultant shall take out and maintain at his own expense Commercial General Liability Insurance including but not limited to Premises-Operations, Completed Operations and Independent Contractor coverages in limits of not less than $5,000,000 combined single limit per occurrence for Bodily Injury Liability and Property Damage Liability. And if vehicles are to be
used to carry out the performance of this Agreement, then the Consultant shall also take out, maintain and pay the premiums on Automobile Liability Insurance covering all owned, non-owned and hired autos in not less than $5,000,000 combined single limit per accident for bodily injury and property damage. Any/all activities performed airside must, at all times, be performed while under security escort as approved in advance, and in writing by the Project Manager. If at any time, the Consultant is unescorted in the performance of any field services airside, or if so directed by the Authority, the Commercial General Liability Insurance and Automobile Liability Insurance must contain limits of not less than $25,000,000 combined single limit per occurrence, as provided in item 2) (a) below. In addition, the liability policies (other than Professional Liability) shall include the Authority and its wholly owned entities as additional insureds and shall be specifically endorsed with a provision that the policy may not be canceled, terminated or modified without thirty (30) days written advance notice to the Project Manager. Moreover, the Commercial General Liability policy shall not contain any provisions (other than a Professional Liability exclusion, if any) for exclusions from liability other than provisions or exclusions from liability forming part of the most up to date ISO form or its equivalent unendorsed Commercial General Liability Policy. The liability policy(ies) and certificate of insurance shall contain separation of insured condition (cross-liability) and severability of interests provisions so that coverage will respond as if separate policies were in force for each insured.

Further, the certificate of insurance and the liability policy(ies) shall be specifically endorsed that “The insurance carrier(s) shall not, without obtaining the express advance permission from the General Counsel of the Port Authority, raise any defense involving in any way the jurisdiction of the tribunal over the person of the Port Authority, the immunity of the Port Authority, its Commissioners, officers, agents or employees, the governmental nature of the Port Authority, or the provisions of any statutes respecting suits against the Port Authority.”

2) Additional Coverages: The Consultant shall have the policy endorsed when required by the Chief Engineer for specific services hereunder and include the additional premium cost thereof as an out-of-pocket expense:

a) If the services of the Consultant, as directed by the Authority, require the performance of services airside, the Commercial General Liability and Automobile Liability coverage limits stipulated in subparagraph 1, above, shall be increased to an amount not less than $25,000,000 per occurrence as provided herein.

b) Endorsement to eliminate any exclusions applying to explosion, collapse and underground property damage.

c) Endorsement to eliminate any exclusions on account of ownership, maintenance, operation, use, loading or unloading of watercraft.

d) Coverage for work within 50 feet of railroad.

B. Workers' Compensation Insurance:

1) The Consultant shall take out and maintain Workers' Compensation Insurance in accordance with the requirements of law and Employer’s Liability Insurance with limits of not less than $1,000,000 each accident.
2) Additional Coverages: The Consultant shall have the policy endorsed when required by the Engineer for specific services hereunder and include the additional premium cost thereof as an out-of-pocket expense:

   a) United States Longshoremen's and Harbor Workers' Compensation Act Endorsement.

   b) Coverage B Endorsement - Maritime (Masters or Members of the Crew of Vessels), in limits of not less than $1,000,000 per occurrence.

   c) Amendments to Coverage B, Federal Employers' Liability Act in limits of not less than $1,000,000 per occurrence.

C. Professional Liability Insurance:

   Not less than $2 million each occurrence, covering negligent acts, errors, mistakes, and omissions arising out of the work or services performed by Consultant, or any person employed by Consultant. All endorsements and exclusions shall be evidenced on the certificate of insurance. The coverage shall be written on an occurrence form or may be written on a claims-made basis with a minimum of a three-year reporting/discovery period.

D. Compliance:

   Prior to commencement of work at the site, the Consultant shall deliver a certificate from its insurer evidencing policies of the above insurance stating the title of this Agreement, the P.A. Agreement number, compliance with notice of cancellation provisions, and containing a separate express statement of compliance with each of the requirements above set forth to the Project Manager.

   1) Upon request of the General Manager, Risk Management/Treasury, the Consultant shall furnish to the Authority a certified copy of each policy itself, including the provisions establishing premiums.

   2) Renewal certificates of insurance or policies shall be delivered via e-mail to the Authority’s Project Manager at least fifteen (15) days prior to the expiration date of each expiring policy. The General Manager, Risk Management must approve the renewal certificate(s) of insurance before work can resume. If at any time any of the certificates or policies shall become unsatisfactory to the Authority, the Consultant shall promptly obtain a new and satisfactory certificate and policy.

   3) If at any time the above liability insurance should be canceled, terminated, or modified so that the insurance is not in effect as above required, then, if the General Manager shall so direct, the Consultant shall suspend performance of the Agreement at the premises. If the Agreement is so suspended, no extension of time shall be due on account thereof. If the Agreement is not suspended (whether or not because of omission of the General Manager to order suspension), then the Authority may, at its option, obtain insurance affording coverage equal to the above required, the cost of such insurance to be payable by the Consultant to the Authority.
4) The requirements for insurance procured by the Consultant shall not in any way be construed as a limitation on the nature or extent of the contractual obligations assumed by the Consultant under this Agreement. The insurance requirements are not a representation by the Authority as to the adequacy of the insurance to protect the Consultant against the obligations imposed on them by law or by this or any other Agreement.

27. CERTIFICATION OF NO INVESTIGATION (CRIMINAL OR CIVIL ANTI-TRUST), INDICTMENT, CONVICTION, DEBARMENT, SUSPENSION, DISQUALIFICATION AND DISCLOSURE OF OTHER INFORMATION

By proposing on this Agreement, each Consultant and each person signing on behalf of any Consultant certifies, and in the case of a joint proposal each party thereto certifies as to its own organization, that the Consultant and each parent and/or affiliate of the Consultant has not:

A. been indicted or convicted in any jurisdiction;

B. been suspended; debarred, found not responsible or otherwise disqualified from entering into any agreement with any governmental agency or been denied a government agreement for failure to meet standards related to the integrity of the Consultant;

C. had an agreement terminated by any governmental agency for breach of agreement or for any cause based in whole or in part on an indictment or conviction;

D. ever used a name, trade name or abbreviated name, or an Employer Identification Number different from those inserted in the Proposal;

E. had any business or professional license suspended or revoked or, within the five years prior to proposal opening, had any sanction imposed in excess of $50,000 as a result of any judicial or administrative proceeding with respect to any license held or with respect to any violation of a federal, state or local environmental law, rule or regulation;

F. had any sanction imposed as a result of a judicial or administrative proceeding related to fraud, extortion, bribery, proposal rigging, embezzlement, misrepresentation or anti-trust regardless of the dollar amount of the sanctions or the date of their imposition; and

G. been, and is not currently, the subject of a criminal investigation by any federal, state or local prosecuting or investigative agency and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency.

28. NON-COLLUSIVE PROPOSING, AND CODE OF ETHICS CERTIFICATION, CERTIFICATION OF NO SOLICITATION BASED ON COMMISSION, PERCENTAGE, BROKERAGE, CONTINGENT OR OTHER FEES

By proposing on this Agreement, each Consultant and each person signing on behalf of any Consultant certifies, and in the case of a joint proposal, each party thereto certifies as to its own organization, that:

A. the prices in its proposal have been arrived at independently without collusion, consultation, communication or agreement for the purpose of restricting competition, as to any matter relating to such prices with any other Consultant or with any competitor;
B. the prices quoted in its proposal have not been and will not be knowingly disclosed directly or indirectly by the Consultant prior to the official opening of such proposal to any other Consultant or to any competitor;

C. no attempt has been made and none will be made by the Consultant to induce any other person, partnership or corporation to submit or not to submit a proposal for the purpose of restricting competition;

D. this organization has not made any offers or agreements or taken any other action with respect to any Authority employee or former employee or immediate family member of either which would constitute a breach of ethical standards under the Code of Ethics dated April 11, 1996 (a copy of which is available upon request to the individual named in the clause hereof entitled "Consultant’s Questions"), nor does this organization have any knowledge of any act on the part of an Authority employee or former Authority employee relating either directly or indirectly to this organization which constitutes a breach of the ethical standards set forth in said Code;

E. no person or selling agency other than a bona fide employee or bona fide established commercial or selling agency maintained by the Consultant for the purpose of securing business, has been employed or retained by the Consultant to solicit or secure this Agreement on the understanding that a commission, percentage, brokerage, contingent, or other fee would be paid to such person or selling agency;

F. the Consultant has not offered, promised or given, demanded or accepted, any undue advantage, directly or indirectly, to or from a public official or employee, political candidate, party or party official, or any private sector employee (including a person who directs or works for a private sector enterprise in any capacity), in order to obtain, retain, or direct business or to secure any other improper advantage in connection with this Agreement; and

G. no person or organization has been retained, employed or designated on behalf of the Consultant to impact any Authority determination with respect to (i) the solicitation, evaluation or award of this Agreement; or (ii) the preparation of specifications or request for submissions in connection with this Agreement.

The foregoing certifications shall be deemed to be made by the Consultant as follows:

* if the Consultant is a corporation, such certification shall be deemed to have been made not only with respect to the Consultant itself, but also with respect to each parent, affiliate, director, and officer of the Consultant, as well as, to the best of the certifier’s knowledge and belief, each stockholder of the Consultant with an ownership interest in excess of 10%;

* if the Consultant is a partnership, such certification shall be deemed to have been made not only with respect to the Consultant itself, but also with respect to each partner.

Moreover, the foregoing certifications, if made by a corporate Consultant, shall be deemed to have been authorized by the Board of Directors of the Consultant, and such authorization shall be deemed to include the signing and submission of the proposal and the inclusion therein of such certification as the act and deed of the corporation.
In any case where the Consultant cannot make the foregoing certifications, the Consultant shall so state and shall furnish with the signed proposal a signed statement, which sets forth in detail the reasons therefor. If the Consultant is uncertain as to whether it can make the foregoing certifications, it shall so indicate in a signed statement furnished with its proposal, setting forth in such statement the reasons for its uncertainty. With respect to the foregoing certification in paragraph “28G.”, if the Consultant cannot make the certification, it shall provide, in writing, with the signed proposal: (i) a list of the name(s), address(es), telephone number(s), and place(s) of principal employment of each such individual or organization; and (ii) a statement as to whether such individual or organization has a “financial interest” in this Agreement, as described in the Procurement Disclosure policy of the Authority (a copy of which is available upon request to the Director of the Procurement Department of the Authority). Such disclosure is to be updated, as necessary, up to the time of award of this Agreement. As a result of such disclosure, the Authority shall take appropriate action up to and including a finding of non-responsibility.

Failure to make the required disclosures shall lead to administrative actions up to and including a finding of non-responsibility.

Notwithstanding that the Consultant may be able to make the foregoing certifications at the time the proposal is submitted, the Consultant shall immediately notify the Authority in writing during the period of irrevocability of proposals on this Agreement or any extension of such period of any change of circumstances which might under this clause make it unable to make the foregoing certifications or require disclosure. The foregoing certifications or signed statement shall be deemed to have been made by the Consultant with full knowledge that they would become a part of the records of the Authority and that the Authority will rely on their truth and accuracy in awarding this Agreement. In the event that the Authority should determine at any time prior or subsequent to the award of this Agreement that the Consultant has falsely certified as to any material item in the foregoing certifications or has willfully or fraudulently furnished a signed statement which is false in any material respect, or has not fully and accurately represented any circumstance with respect to any item in the foregoing certifications required to be disclosed, the Authority may determine that the Consultant is not a responsible Consultant with respect to its proposal on the Agreement or with respect to future proposals on Authority agreements and may exercise such other remedies as are provided to it by the Agreement with respect to these matters. In addition, Consultants are advised that knowingly providing a false certification or statement pursuant hereto may be the basis for prosecution for offering a false instrument for filing (see, e.g. New York Penal Law, Section 175.30 et seq.). Consultants are also advised that the inability to make such certification will not in and of itself disqualify a Consultant, and that in each instance the Authority will evaluate the reasons therefor provided by the Consultant.

Under certain circumstances the Consultant may be required as a condition of this Agreement award to enter into a Monitoring Agreement under which it will be required to take certain specified actions, including compensating an independent Monitor to be selected by the Authority. Said Monitor shall be charged with, among other things, auditing the actions of the Consultant to determine whether its business practices and relationships indicate a level of integrity sufficient to permit it to continue business with the Authority.
29. CONSULTANT ELIGIBILITY FOR AWARD OF AGREEMENTS - DETERMINATION BY AN AGENCY OF THE STATE OF NEW YORK OR NEW JERSEY CONCERNING ELIGIBILITY TO RECEIVE PUBLIC AGREEMENTS

Consultants are advised that the Authority has adopted a policy to the effect that in awarding its agreements it will honor any determination by an agency of the State of New York or New Jersey that a Consultant is not eligible to propose on or be awarded public agreements because the Consultant has been determined to have engaged in illegal or dishonest conduct or to have violated prevailing rate of wage legislation.

The policy permits a Consultant whose ineligibility has been so determined by an agency of the State of New York or New Jersey to submit a proposal on an Authority agreement and then to establish that it is eligible to be awarded an agreement on which it has proposed because (i) the state agency determination relied upon does not apply to the Consultant, or (ii) the state agency determination relied upon was made without affording the Consultant the notice and hearing to which the Consultant was entitled by the requirements of due process of law, or (iii) the state agency determination was clearly erroneous or (iv) the state agency determination relied upon was not based on a finding of conduct demonstrating a lack of integrity or violation of a prevailing rate of wage law.

The full text of the resolution adopting the policy may be found in the Minutes of the Authority's Board of Commissioners meeting of September 9, 1993.

30. NO GIFTS, GRATUITIES, OFFERS OF EMPLOYMENT, ETC.

During the term of this Agreement, the Consultant shall not offer, give or agree to give anything of value either to an Authority employee, agent, job shopper, Consultant, construction manager or other person or firm representing the Authority, or to a member of the immediate family (i.e., a spouse, child, parent, brother or sister) of any of the foregoing, in connection with the performance by such employee, agent, job shopper, Consultant, construction manager or other person or firm representing the Authority of duties involving transactions with the Consultant on behalf of the Authority, whether or not such duties are related to this Agreement or any other Authority agreement or matter. Any such conduct shall be deemed a material breach of this Agreement.

As used herein “anything of value” shall include but not be limited to any (a) favors, such as meals, entertainment, transportation (other than that contemplated by the Agreement or any other Authority agreement), etc. which might tend to obligate the Authority employee to the Consultant, and (b) gift, gratuity, money, goods, equipment, services, lodging, discounts not available to the general public, offers or promises of employment, loans or the cancellation thereof, preferential treatment or business opportunity. Such term shall not include compensation contemplated by this Agreement or any other Authority agreement. Where used herein, the term “Port Authority” or “Authority” shall be deemed to include all subsidiaries of the Authority.

The Consultant shall ensure that no gratuities of any kind or nature whatsoever shall be solicited or accepted by it and by its personnel for any reason whatsoever from the passengers, tenants, customers or other persons using the Facility and shall so instruct its personnel.
In addition, during the term of this Agreement, the Consultant shall not make an offer of employment or use confidential information in a manner proscribed by the Code of Ethics and Financial Disclosure dated April 11, 1996 (a copy of which is available upon request to the Office of the Secretary of the Authority). Without the express written approval of the Chief Engineer, you shall keep confidential, and shall require your employees, your subconsultants, and your subconsultant’s employees to keep confidential a) all information disclosed by the Authority or its consultants to you or b) developed by you or your subconsultants in the performance of services hereunder. Disclosure of any such information shall constitute a material breach of the Agreement.

The Consultant shall include the provisions of this clause in each subagreement entered into under this Agreement.

31. CONFLICT OF INTEREST

During the term of this Agreement, the Consultant shall not participate in any way in the preparation, negotiation or award of any agreement (other than an agreement for its own services to the Authority) to which it is contemplated the Authority may become a party, or participate in any way in the review or resolution of a claim in connection with such an agreement if the Consultant has a substantial financial interest in the Consultant or potential Consultant of the Authority or if the Consultant has an arrangement for future employment or for any other business relationship with said Consultant or potential Consultant, nor shall the Consultant at any time take any other action which might be viewed as or give the appearance of conflict of interest on its part. If the possibility of such an arrangement for future employment or for another business arrangement has been or is the subject of a previous or current discussion, or if the Consultant has reason to believe such an arrangement may be the subject of future discussion, or if the Consultant has any financial interest, substantial or not, in a Consultant or potential Consultant of the Authority, and if the Consultant’s participation in the preparation, negotiation or award of any agreement with such a Consultant or the review or resolution of a claim in connection with such an agreement is contemplated or if the Consultant has reason to believe that any other situation exists which might be viewed as or give the appearance of a conflict of interest, the Consultant shall immediately inform the Chief Engineer in writing of such situation giving the full details thereof. Unless the Consultant receives the specific written approval of the Chief Engineer, the Consultant shall not take the contemplated action which might be viewed as or give the appearance of a conflict of interest. In the event the Chief Engineer shall determine that the performance by the Consultant of a portion of its services under this Agreement is precluded by the provisions of this numbered paragraph, or if a portion of the Consultant’s said services is determined by the Chief Engineer to be no longer appropriate because of such preclusion, then the Chief Engineer shall have full authority on behalf of both parties to order that such portion of the Consultant’s services not be performed by the Consultant, reserving the right, however, to have the services performed by others and any lump sum compensation payable hereunder which is applicable to the deleted work shall be equitably adjusted by the parties. The Consultant’s execution of this document shall constitute a representation by the Consultant that at the time of such execution the Consultant knows of no circumstances, present or anticipated which come within the provisions of this paragraph or which might otherwise be
viewed as or give the appearance of a conflict of interest on the Consultant's part. The Consultant acknowledges that the Authority may preclude it from involvement in certain disposition/privatization initiatives or transactions that result from the findings of its evaluations hereunder or from participation in any agreements which result, directly or indirectly, from the services provided by the Consultant hereunder.

32. DEFINITIONS
As used in sections 27 to 31 above, the following terms shall mean:

Affiliate - Two or more firms are affiliates if a parent owns more than fifty percent of the voting stock of each of the firms, or if a common shareholder or group of shareholders owns more than fifty percent of the voting stock of each of the firms, or if the firms have a common proprietor or general partner.

Agency or Governmental Agency - Any federal, state, city or other local agency, including departments, offices, public authorities and corporations, boards of education and higher education, public development corporations, local development corporations and others.

Investigation - Any inquiries made by any federal, state or local criminal prosecuting agency and any inquiries concerning civil anti-trust investigations made by any federal, state or local governmental agency. Except for inquiries concerning civil anti-trust investigations, the term does not include inquiries made by any civil government agency concerning compliance with any regulation, the nature of which does not carry criminal penalties, nor does it include any background investigations for employment, or Federal, state, and local inquiries into tax returns.

Officer - Any individual who serves as chief executive officer, chief financial officer, or chief operating officer of the Consultant by whatever title(s) known.

Parent - An individual, partnership, joint venture or corporation which owns more than 50% of the voting stock of the Consultant.

33. The entire agreement between the parties is contained herein and no change in or modification, termination or discharge of this Agreement in any form whatsoever shall be valid or enforceable unless it is in writing and signed by the party to be charged therewith, or by his duly authorized representative, provided, however, that termination in the manner hereinbefore expressly provided shall be effective as so provided.

34. No Commissioner, officer, agent or employee of the Authority shall be charged personally by you with any liability or held liable to you under any term or provision of this Agreement, or because of its execution or attempted execution or because of any breach hereof.
35. If the foregoing meets with your approval, please indicate your acceptance by signing the original and the additional enclosed copy in the lower left-hand corner and returning them to the Authority.

Very truly yours,

THE PORT AUTHORITY OF
NEW YORK AND NEW JERSEY

Lillian D. Valenti
Director
Procurement Department

INSTRUCTIONS

If the selected Consultant firm is not located in the States of New York or New Jersey, change the number of the last Paragraph of this Agreement from "34" to "35" and insert a new Paragraph "34": as follows:

34. This Agreement shall be governed by and construed in accordance with the laws of the State of New York without regard to conflict of laws principles.
