ENGINEER OF THE YEAR 2019

The ACEC New York Engineer of the Year is presented each year to a member. The purpose of the award is to recognize an active or retired member who has made significant contributions to the consulting engineering profession, the association and his or her community. **Current members of the ACEC New York Executive Committee and Regional Officers are not eligible for this award based on their service in that capacity.**

_____	_____

Additional Qualifications (please submit answers in a separate document)

- I. **Professional Service** – provide a brief description of the nominee’s outstanding achievement to the profession of engineering, other professional organizations (ACEC, NYSSPE, NSPE, NYSAPLS, etc.,) and to ACEC New York. ***Please attach a typed description with a maximum of 50 words.***

- II. **Engineering Achievement** – Nominee must demonstrate significant engineering achievement. Significant achievement(s) may have involved solutions that are unique or modifications of existing ideas for planning, designing, or constructing a project resulting in cost savings and client delight. Alternatively, it may have encompassed a series of less notable accomplishments, which when taken together, resulted in a significant advancement. ***Please attach a typed description with a maximum of 200 words.***

- III. **Examples of Outstanding Professional Leadership** – Nominees must demonstrate outstanding professional leadership, business acumen and integrity. Professional leadership may involve leadership roles in the company for which the nominee works or leadership roles in the community that require engineering expertise. Leadership can be demonstrated by directing a project technically, directing the people working on a project, mentoring other engineers, directing a firm, group or organization, and being responsible for informing a community of issues pertaining to engineering. ***Please attach a typed description with a maximum of 50 words.***

- IV. **Civic and Humanitarian Activities** – Describe community activities that exemplify significant contributions of time and energy by the nominee. These activities should be substantial, enduring, and reflect the admiration of his/her peers. ***Please attach a typed description with a maximum of 50 words.***

Nominees will be judged on their engineering achievements; examples of leadership; and service to ACEC New York, the engineering profession, and their local community based on the following weighted grading scale:

1.	Record of Professional Service to ACEC/ACEC New York	30%
2.	Record of Engineering Achievement	25%
3.	Record of Professional Leadership	25%
4.	Record of contributions to civic and humanitarian activities and other professional organizations	20%
	Total	100%

Please send final application to natasha@acecny.org no later than April 5, 2019.
