PDH Webinar # 118

Fire Flows in Public Water Systems

How Much is Enough?

Date: June 20, 2019

Time: 12:00 PM-1:00 PM

Location: YOUR OFFICE PC

Credit: 1.0 PDH

Costs: $100 (Member rate) for a single site connection, allows participants in your listening audience (pricing across). Each registration includes 1 Telephone (Audio) and 1 Internet (Visual) connection (one site connection). The call-in line is toll free. Multiple connections at one site require a separate site fee and registration form. Please list all attendees (per site) on this form and the contact person (Site Coordinator*). Attendees may be added on day of Webinar but must register for site connections ahead of time.

Details: To participate you need a speaker phone to hear the audio, and a PC/laptop with Internet connection for the visual. Individual sites will have the opportunity to ask questions to the presenter. ***Suggested:*** *A Site may have 1 site connection, and project images to an audience. Therefore, they pay only one site fee in addition to attendees fees.*

PDH Credit: After receiving your site's faxed sign-in/attendance sheet, we will send certificates via e-mail to the Site Coordinator* at your firm.

Cancellations/Changes: If a site fails to connect on day of Webinar, no refunds will be issued. No-show attendees will be charged; however, substitutions are allowed.

Course Description:

Most public water systems provide fire protection, but it is often not easy to understand how much fire flow a water system can or should provide, or even whether a water system owner has any obligation to provide fire flow. This presentation will explain the various regulations, codes, and standards that engineers, owners, and operators rely on to establish and evaluate fire flow requirements.

Instructor: Paul J. Paparella, PE, PP, Senior Vice President | Mott MacDonald
