

TRUSTEES WHO HAVE YOUR BACK

The ACEC RT Board of Trustees consists of seven principals of member engineering firms who are looking out for their own employees and yours. They provide oversight that makes this truly a retirement plan “by engineers, for engineers.”

- Trust assumes the role of discretionary fiduciary by hiring and overseeing the recordkeeper and investment manager
- Monitors fees to make sure they are reasonable.
- Holds an annual fiduciary training and quarterly educational webinars for all plan sponsors and their committee members.

RON WATHEN
Chair | *Region 7*
QK, Inc.
Visalia, CA
