Invitation to Support

Dear Prospective Business Partner,

On behalf of the American College of Radiation Oncology I would like to invite you to participate as a business partner of ACRO for 2025/2026. We have a number of exciting opportunities available throughout the year, enabling you to bring your value proposition to the forefront of the Radiation Oncology community.

ACRO is the essential professional society for success in the day-to-day practice of Radiation Oncology. Since 1990, ACRO has focused its attention on both the clinical and economic aspects of practicing Radiation Oncology. As a professional medical society of doctors representing a relatively small subspecialty, ACRO has led the effort to ensure appropriate reimbursement for clinical care and has provided services to help its members become better clinicians.

ACRO strives to ensure the highest quality care for radiation therapy patients and promote success in the practice of Radiation Oncology through education, responsible socioeconomic advocacy, and integration of science and technology into clinical practice.

ACRO serves as THE SOCIETY for Radiation Oncologists in the United States. Whether it is ACRO fostering the next generation of radiation oncologists, developing the talents of current physicians, or ensuring that clinics practice the highest quality of care, ACRO is there to help.

If you really want to maximize your exposure, the ACRO Leadership requests you consider becoming a Corporate Member of the organization. As a Corporate Member you can choose from an array of opportunities available through the organization to greatly enhance your exposure to the Radiation Oncology community. We hope you will take a moment to review the various options that are available through our corporate membership program.

We also have exhibit space available at our signature event, the **ACRO Summit 2026 Meeting**, which will take place February 4 - 7, 2026 in Lake Buena Vista, Orlando, FL. Our Annual Summit attracts over 350 physician and administrator leaders from across the United States.

I sincerely hope you will consider supporting the American College of Radiation Oncology in 2025/26. Your participation in ACRO Summit 2026 is critical to providing ACRO members with the most up-to-date information to improve the quality of their patient's lives.

If you have any questions, please feel free to contact our office.

Thank you very much for your consideration.

Sincerely,

Fraser Cobbe
Executive Director

Corporate Membership Overview

Invitation to Exhibit

The Radiation Oncology Summit: ACRO 2026 is designed for Radiation Oncologists to network with colleagues, mentor the next generation of doctors, and learn the latest information on a wide range of continuing medical education topics.

While the ACRO Annual Meeting is known for its top-notch content its value is in the schedule, which allows top professionals in the field more time to think and interact both with colleagues and our supporters/exhibitors. Through a number of different support options, exhibitors and corporate supporters can gain quality visibility with key decision-makers as well as support the growth of this important specialty.

About ACRO

Vision Statement:

Adopted by the board on October 29, 2005:

ACRO Summit Overview

Understanding the importance of exhibit partners, ACRO strives to make sure your exhibiting funds afford you plenty of face time with our attendees. We believe these connections are as valuable to our attendees as they are to you.

What are the benefits of exhibiting with ACRO?

- 8+ hours of access to attendees. 4½ + hours of dedicated display time.
Thursday: A two-hour networking event is held in the exhibit hall and includes drinks & heavy hors d'oeuvres. The reception is well-attended.
- Ability to interact with attendees in social & networking sessions. We have our Meet & Greet/Welcome Reception on Wednesday, a get-together to announce the start of the meeting. After the Thursday reception in the exhibit hall we host the fun Quizzo event. Friday evening is our Presidential Reception, another social gathering for all attendees & partners, a great setting to develop relationships with our membership.
- Access to key Radiation Oncology professionals from all practice settings – large groups/solo and small groups, hospitals, community facilities & academic practices.
- Your company's name, logo and a 75-word description will be posted on ACRO's Meeting website, giving you brand awareness & further exposure.
- Publication of company information in ACRO's e-newsletters promoting the meeting. Sent to over 1500 physicians.
- Four weeks prior to the meeting, a mailing list of pre-registered attendees will be emailed to you and updated on a weekly basis. You can use this list to promote your products/services in advance and potentially boost traffic at your booth.
- To assist in your post marketing efforts, we will supply a final list of registered attendees which will allow you to conduct follow-up correspondence with the registrants via mail.

How Will ACRO Promote Your Presence at the Meeting?

- You will be acknowledged on ACRO's website with your logo and a 75-word description.
- You will be listed in the meeting marketing materials.
- Promoted on ACRO's social media.
- Publication of company name, description & contact details on the meeting app.
- Snacks & concessions strategically placed in the exhibit hall to maximize traffic & encourage attendee interaction.

You're an attendee too!

All exhibitor registrations grant you access to a multitude of education sessions. This means in addition to exhibiting and attending all networking events, you will be able to learn how the field is evolving after hearing from attendees firsthand what they are experiencing in their practices. What better way to connect with prospective customers than to interact and engage with them throughout the day. Please note: Exhibitors will not receive CEU credits for attending the educational sessions.

- In the event of failure or inability to fulfill this contract or to furnish the space due to fire, strikes, authority of the law, act of God, or any other cause or reason, ACRO agrees to return to the sponsor all deposits or other monies paid and thereupon this agreement shall be deemed canceled by mutual consent, and ACRO shall be relieved from all responsibility.
- Sponsor and/or exhibitor agrees to be responsible for his/her own property. Sponsor or exhibitor shall release, hold harmless and indemnify ACRO from any and all claims, obligations, liabilities, causes of action, lawsuits, damages and assessments, including legal fees that result from an allegation of negligence on the part of the sponsor or exhibitor in the use of the exhibit space or activities in connection with the use of exhibit space.
- No sponsorship events outside of approved ACRO events are allowed at the facility unless approved prior by ACRO.

As an accredited CME provider, the American College of Radiation Oncology is governed by the Miami Dade County Medical Association (MDCMA) standards for Commercial Support of Continuing Medical Education. In accordance with the standards ACRO has established the following policies for commercial exhibits held in conjunction with its educational activities:

- Arrangement for exhibits may neither influence planning nor interfere with the presentation of the educational activity.
- Commercial/promotional materials may not be displayed or distributed in the same room immediately before, during, or immediately after the CME activity.
- Representatives of commercial supporters and exhibitors may attend the CME activity if they wish but may not engage in sales activity in the room where educational activity is held.
- Exhibits cannot be a condition of provision of commercial support for CME activities.

The signature at the end of Section 1 in the application acknowledges receipt of and agrees to abide by the Exhibit Terms & Conditions as published by the association which regulations are considered to be a part of the agreement between the commercial supporter and the American College of Radiation Oncology (ACRO) if this application is accepted by the ACRO. Acceptance of this application as an agreement between the commercial supporter and the ACRO will occur when email confirmation occurs by an ACRO representative. ACRO does not guarantee the number of attendees. It is understood that all sponsorship agreements are subject to review by the Board of Directors. It is agreed that disapproval of an exhibit by the Board of Directors will result in termination of the agreement without penalty to either party. All claims or suits arising out of the application's acceptance or rejection shall be governed by the laws of the State of Florida.
