Presentation Structure

Presentations may be panel, solo, roundtable, or another format, which you will describe in detail in the proposal. New approaches, opportunities to learn new skills/tactics, and a spotlight on trending policy topics are of high value for the 2019 conference. We welcome concurrent session proposals (35-minute and 75-minute formats) and pre-conference workshop proposals (30-minute, one-hour, 1.5-hour, and 3-hour formats).
