Message from the Division President

Dear International Division Family Members,

I hope you are doing great in 2017 (Year of the Rooster)! Last year, I was President-Elect of our division and one of the convention planners for AECT 2016 in Las Vegas. It was amazing to see so many submitted proposals and convention attendees in Vegas. I am sure that AECT 2016 was a successful and unforgettable event for all of us!! This year, it’s a great honor to serve as President of our division and working with many wonderful INTL Board members to continue our mission at AECT. We have much more on our agenda this year to work on, such as revisiting and modifying bylaws, redefining and clarifying awards, and refining and organizing convention events. Of course, we will also collaborate with other divisions on projects/events. We hope to keep our INTL traditions going and meanwhile to create new opportunities for our division.

The AECT 2017 Call for Proposals closed in early February. Thank you for submitting your proposals! I also appreciate the time volunteers are offering to serve as proposal reviewers! If you missed the chance to submit your proposals and/or to volunteer as a reviewer this time, don’t forget to do this next time for AECT 2018! Please still consider joining us at AECT, Jacksonville, FL in November! I hope you enjoy this issue of the INTL Newsletter! Please feel free to contact us if you have any questions/suggestions/ideas!! Have a wonderful Spring & Summer 2017!!

Sincerely,
Hsin-Te Yeh
President, International Division, AECT
This year, we have some changes in our board membership. Please allow me to introduce our board members to you.

President: Hsin-Te Yeh. He is an associate professor at Metropolitan State University of Denver. His responsibility is to oversee the International Division.

President-Elect: Szu-Yueh Justine Chien. She is an instructional designer at University of Wisconsin-Extension. Her main responsibility is to plan the AECT 2017 convention with other divisions. In addition, she assists the president with division business.

Past President: Yu-Chang Hsu. He is an associate professor at Boise State University. His responsibility is to serve as division advisor. In addition, he solicits nominations for president-elect and participates on the awards committee.

Secretary: Hengtao Tang. He is a Ph.D. student at Penn State. His responsibility is to keep meeting minutes and other division records.

Communication Officer: Hungwei Tseng. He is an assistant professor and instructional designer at Jacksonville State University. His responsibility is to maintain division websites/FB and send/forward messages to our INTL members/board members.

Newsletter Editor: Yu-Chun Kuo. She is an assistant professor at Rowan University. Her responsibility is to edit our division newsletters (two issues per year).

AECT Board Representative & TechTrends Representative: Charles Xiaoxue Wang. He is an associate dean of the College of Education at Florida Gulf Coast University. His responsibility is to represent INTL on the AECT Board and also on the TechTrends editorial board.

ICEM Representative: Robert Doyle. He is associate dean of Faculty of Arts and Sciences at Harvard University. His responsibility is to represent ICEM on the INTL board. Also, he serves as division advisor.

ETR&D Representative: Patricia Young. She is associate professor at University of Maryland, Baltimore County. Her responsibility is to represent INTL at EDR&D editorial board.
Yingxiao (Karen) Qian, is a PhD student in the Learning, Design, and Technology program at the University of Georgia. She earned her B.A. in Middle School Mathematics Education from Saint Louis University and her M.Ed in Learning, Design, and Technology from UGA. Her current research interests include STEM education and using technology to enhance students' real-world problem solving abilities. She is happy to be the International Division Board Representative at GSA, and is honored to serve in the role to connect graduate students with the division.
ICEM 2017 Call for Proposal (Naples, Italy; September 20-22, 2017)

By Hengtao Tang

International Council for Educational Media (ICEM) International Conference 2017 will be hosted in Naples, Italy from September 20-22. The theme of the convention is *Digital Universities in the MOOC Era: Redesigning Higher Education*. Bringing together people from government, academia and media, the ICEM International conference 2017 intends to focus on the emerging of MOOCs as a disruptive innovation in the traditional academic eco-system. We are looking for high profile speakers and contributors to shed light on specific aspects of these four strands:

- Digital culture and educational environments
- Space vs. Interface design
- Platformism – new paradigms in online learning
- Going visual: video language and pedagogy
