

AECT Strategic Plan

2015 Edition

(14 July 2015)

Preamble

This strategic plan represents a dynamic continuous improvement process. The purpose of the Strategic Plan is to guide the decisions made by the Association for Educational Communications and Technology (AECT) membership for the next 5 years. The underlying principles for the decision-making process are expressed in terms of the AECT ***mission, vision*** and ***values***. The expectations for our scholarly community are expressed in terms of the AECT ***goals, objectives and strategies***.

All members of AECT acknowledge that we are connected through this strategic plan. Thus, the entire AECT membership has a role in the design and development of this strategic plan. However, the AECT President has the final authority for the implementation of this plan. The plan will be reviewed annually, and revised every 3-5 years or as deemed necessary to achieve the goals of the organization. The AECT President will report periodically on the progress of the Strategic Plan.

Mission

Provide international leadership by promoting scholarship and best practices in the creation, use, and management of technologies for effective teaching and learning.

Vision

We seek to be the premier international organization in educational technology, the organization to which others refer for research and best practices.

Values

1. We value Leadership

Our work is intended to communicate intellectual leadership among the disciplines associated with educational communications and technology.

2. We value Financial Stability

Our record of financial stability through fiscal responsibility is necessary for implementing the mission of our association. We expect to be good stewards of the resources generated by the association membership.

3. We value Collaboration

We work with other individuals and organizations that share our vision, values and goals. Yet, we cherish our collective identity as well as the diversity encumbered within the individuals that constitute the AECT membership.

4. We value Professional Standards

We are committed to excellence. High quality artifacts are an essential component of our scholarly community.

5. We value Sustainability

Our actions are dedicated to maintaining a level of service and rate of growth commensurate with the desires of our membership over time.
