

TRAVEL GRANTS FOR ASA ANNUAL MEETING

October 22-25, 2025 – Baltimore, MD

IRENE H. CHAYES TRAVEL GRANTS: For the 2025 Annual Meeting, **six** travel grants of \$1,400 USD each will be available to support travel to the annual meeting for persons with papers or panel presentations accepted for the program who have no other access to travel funds at their institution(s) during the academic year.

FRIENDS OF ASA TRAVEL GRANTS: For the 2025 Annual Meeting, travel grants of \$1,400 USD each will be available to support travel to the annual meeting for persons with papers or panel presentations accepted for the program who have no other access to travel funds at their institution(s) during the academic year. The number of grants will depend on the fund-raising by the Friends in the coming year.

To be eligible for a travel grant from either of these funds:

- You must be a member of ASA in good standing in the calendar year of the paper presentation and you must register for the meeting.
- Eligible persons include faculty members (including lecturers, adjuncts, and part-timers) and independent scholars.
- If you have some access to travel funds from your institution, but prefer to use it for a different meeting, you are not eligible for a Chayes Travel Grant or a Friends of ASA Travel Grant this year.
- *If you are eligible for a student grant (below), you are NOT eligible for an Irene H. Chayes or a Friends of ASA Travel Grant.*

To apply for a travel grant this year from either of these funds:

- Submit your paper as you normally would by the **extended deadline of March 15, 2025**.
- Do not include any mention of the Chayes or Friends funding in your paper or abstract.
- In the paper submission system, indicate separately that you wish to be considered for a Chayes or Friends travel grant, if your paper is accepted, and explain briefly why you are eligible.

The program committee will make the final decisions on which persons receive Chayes or Friends travel grants. If more persons with accepted papers are eligible than available funding, the committee will decide which, based on merit, programmatic, and diversity priorities, should get the awards. Priority will also be given to those who have not had travel support in the past.

STUDENT TRAVEL GRANTS: All full-time students with papers or panel presentations accepted for the program will receive a travel grant of \$1,400 USD each to support travel to the annual meeting.

To be eligible for a student travel grant from these funds:

- You must be a member of ASA in good standing in the calendar year of the paper presentation and you must register for the meeting.
- You must be a full-time student when you submit the paper and when you present it.
- If you are a full-time student when you submit the paper, complete your degree, and are unemployed in the fall, you will retain the student travel grant for that meeting.
- *If you are eligible for a student grant, you are NOT eligible for an Irene H. Chayes or a Friends of ASA Travel Grant.*

To apply for a student travel grant this year:

- Submit your paper as you normally would by the **extended deadline of March 15, 2025**.
- Do not include any mention of your student status in your paper or abstract.
- In the paper submission system, indicate separately that you wish to be awarded a student travel grant, if your paper is accepted; documentation may be required by ASA from your department.

ADDITIONAL TRAVEL SUPPORT: Travel support is provided by ASA for prize winners, ASA Editors, and Program Committee members. If you are eligible, you will be contacted by ASA with reimbursement claim forms. If you have questions about your eligibility, please contact secretary-treasurer@aesthetics-online.org
