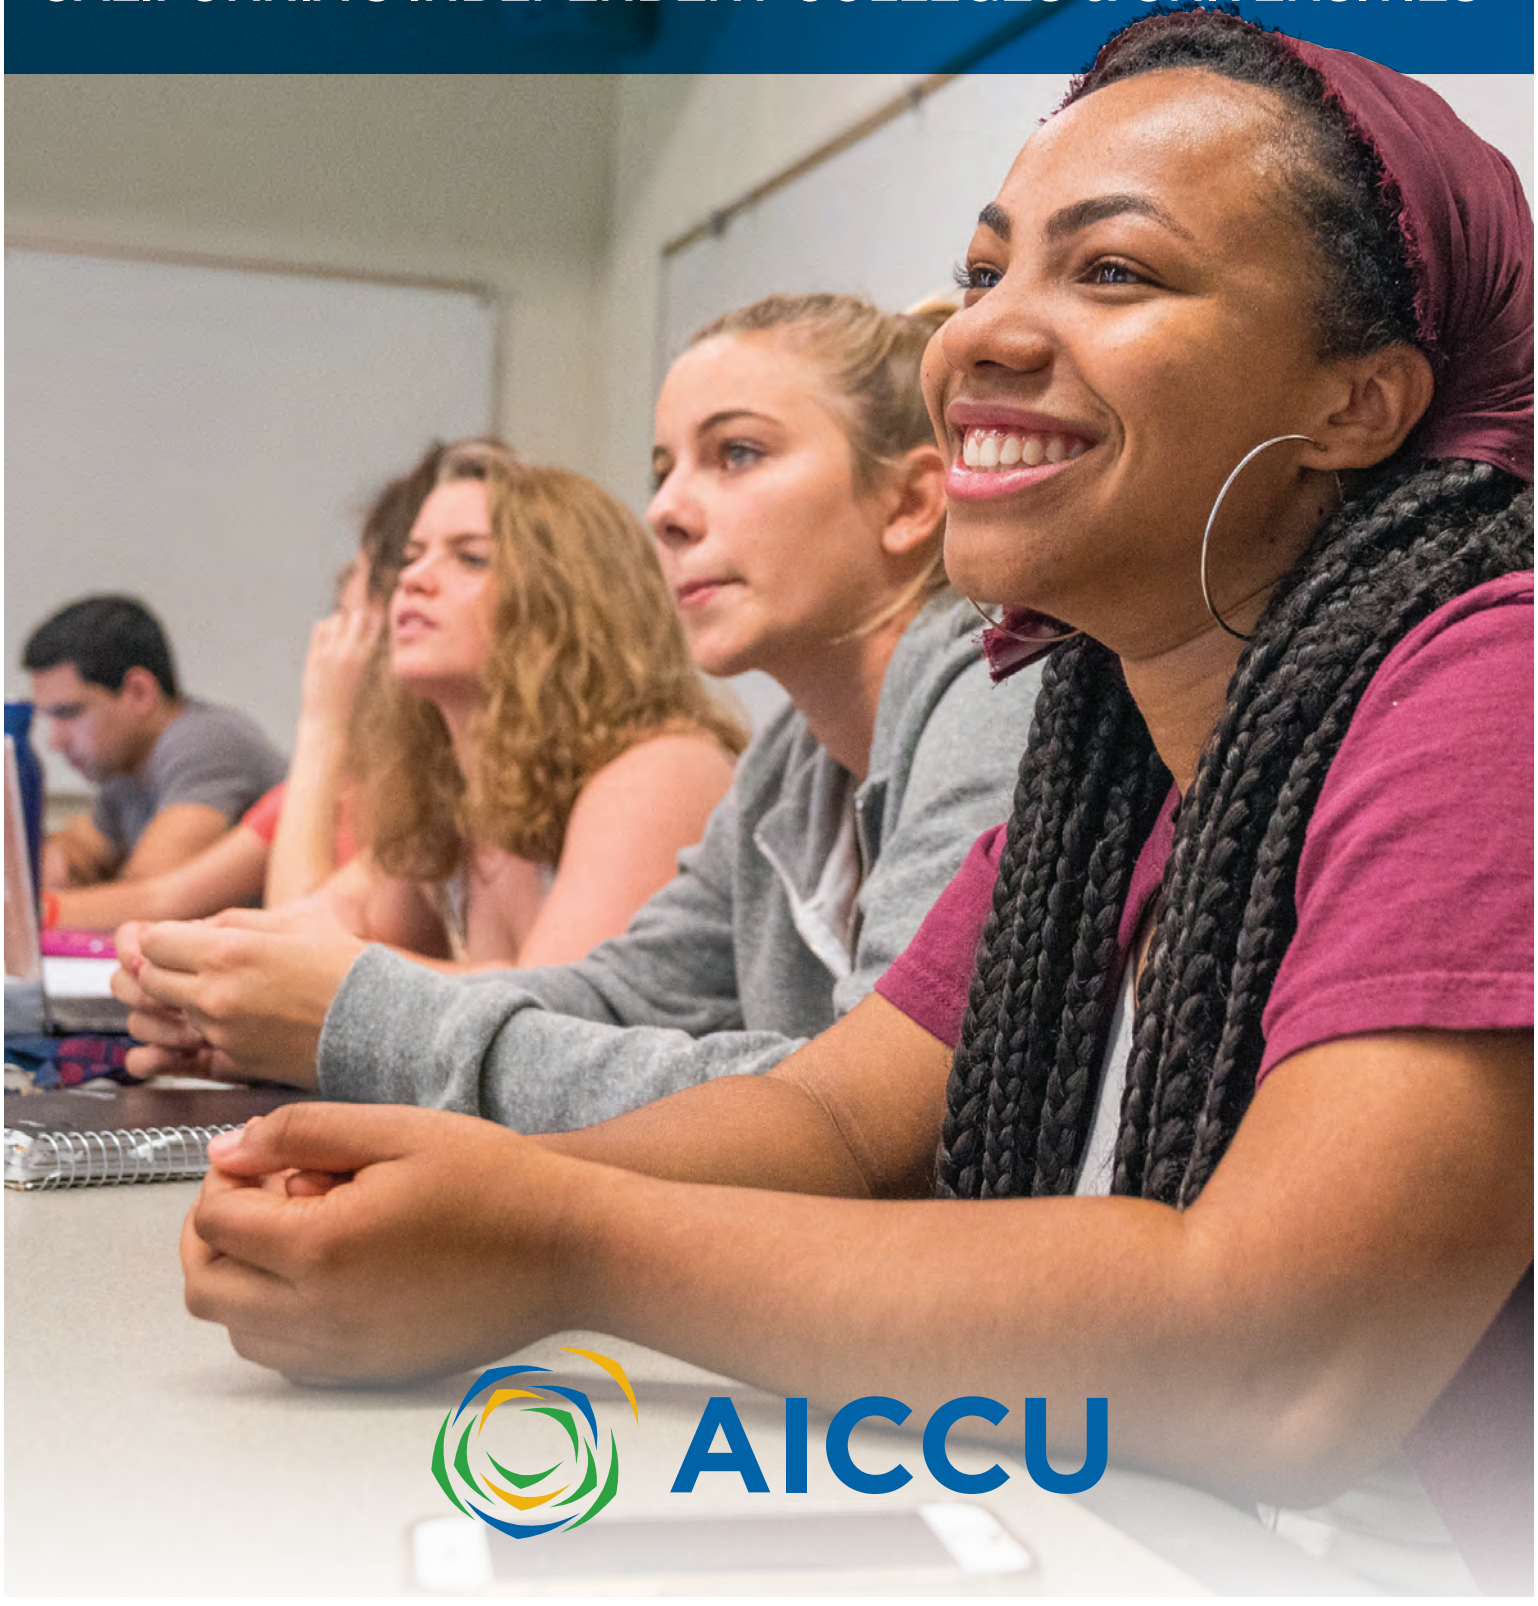
THIRD EDITION

TRANSFER GUIDE 2020-2021

CALIFORNIA'S INDEPENDENT COLLEGES & UNIVERSITIES



AICCU

COLLEGE IS WORTH IT.

In fact, it has never been more worth it.

College graduates earn $1+ million more than high school graduates over the course of their careers.

The wage gap between college and high school graduates has never been greater. College grads earn about an additional $23,900 or 65% more per year.

Unemployment for college graduates is significantly lower than for non-grads in both economic good times and bad.

And the benefits go beyond dollars and cents.

College grads are more likely to be "very satisfied" with their work. They are more likely to enjoy better health and not smoke; more likely to vote and know about issues facing our country; and more likely to volunteer and be involved in their communities.

OUR MISSION IS TO ADVOCATE FOR EXCELLENCE AND CHOICE IN HIGHER EDUCATION FOR ALL STUDENTS.

WHAT TYPES OF COLLEGES ARE THERE?

Public Colleges

Public colleges and universities are supported by public money, predominantly from the state government and taxpayers. In California, there are three public options: the California State University system, the University of California system, and the California Community Colleges.

Private Independent Colleges

Independent, nonprofit colleges receive no public money, relying on tuition, fees, and private funding sources. Each has its own unique mission to serve students. There are over 80 independent institutions in California, all profiled in this guide.

For-Profit Colleges

For-profit colleges are profit-making business with owners and shareholders. Generally, they prepare students for specific careers.

WHY CHOOSE A PRIVATE/ INDEPENDENT COLLEGE?

Personal Attention

That is what California's independent colleges and universities are all about – small class sizes, high quality academics, opportunities for involvement and leadership in campus activities, and strong learning and living communities.

Generous Financial Aid

More than 70 percent of AICCU students receive financial assistance directly from the colleges and/or state and federal grants.

High Graduation Rates

California's independent colleges have some of the states highest four-year graduation rates.

Success After Graduation

AICCU graduates enjoy high placement rates into career and graduate school. And they continue to do well because their education gives them the liberal arts skills that employers cite as keys to success – critical thinking, problem solving, communication, teamwork, creativity, and the capacity for life-long learning.

This guide is provided by the Association of Independent California Colleges and Universities (AICCU). AICCU serves as the collective voice for California's independent, nonprofit colleges and universities.

CAN I AFFORD A PRIVATE INDEPENDENT COLLEGE?

Do not take yourself out of the game by ruling out a particular college or university based solely on overall tuition. Unless you apply and find out what type of financial aid is available, you will never know if you could have attended your first-choice college.

Always file for financial aid & complete the FAFSA

The FAFSA is the Free Application for Federal Student Aid, and you should apply even if you think you may not qualify for financial aid. It is required to be considered for almost every type of financial assistance.

Know the different between "Net Price" & "Sticker Price."

While the overall tuition, or "sticker price," of an independent college is higher than that of a public institution, once all types of financial aid are factored in, the actual "out-of-pocket" expense of a independent college is often about the same or sometimes even less.

THE TRUTH ABOUT STUDENT DEBT

If you pay attention to the news, you are sure to have heard or seen the reports about students being "buried" in student debt. This is not the reality of student debt at private independent colleges in California.

The average amount of money borrowed for college by California students varies little by public or private (nonprofit) institution. Graduates of California colleges have an average student loan debt of $31,493. Plus, graduates of California independent colleges do best when it comes to repaying their student loans, having low default rates.

Graduating in Four Years is Important

Taking an extra year or two to complete a bachelor's degree could end up costing a student thousands of dollars in additional tuition and interest on loans, as well as missed income and retirement benefits.

KNOW THE TYPES OF FINANCIAL AID

Grants & Scholarships

"Gift aid" that does not need to be repaid.

Cal Grant

The state of California awards grants to California students based on financial need. These may be used at public or private colleges. For example, a first-year student at one of California's independent colleges may be eligible to receive up to a maximum of $9,084 in Cal Grant aid.

Federal Pell Grant

The federal government also awards aid based on family income. The maximum Pell grant is now $6,195 per year. In addition, students may qualify for Work-Study, meaning that they will be able to work on campus and get paid.

Institutional Aid

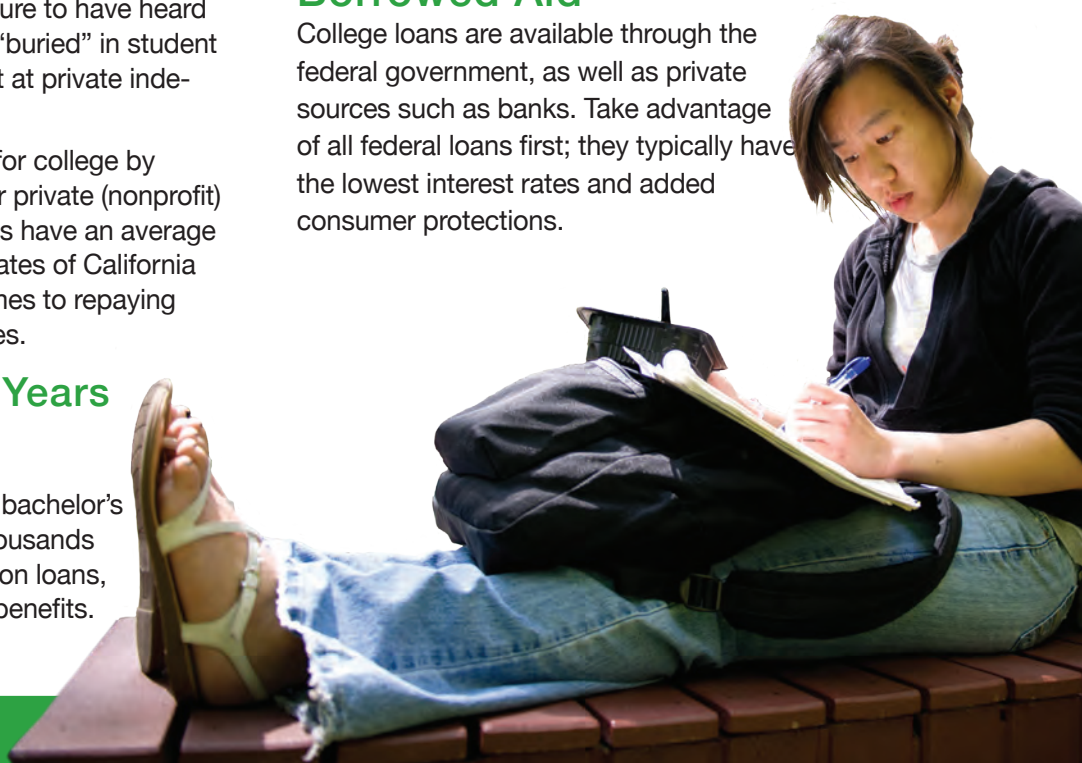
AICCU colleges regularly award student grants and/or scholarships based on financial need, as well as academic and other special abilities, such as in fine arts or athletics. The average institutional grant at California independent colleges is more than $15,700 per year.

Other Scholarships

Many outside scholarships are also available through community foundations, corporations, employers, or other organizations. Resources for locating these include: guidance counselors, community foundations, and websites such as College Board and FastWeb.

Borrowed Aid

College loans are available through the federal government, as well as private sources such as banks. Take advantage of all federal loans first; they typically have the lowest interest rates and added consumer protections.



TIME TO VISIT A COLLEGE

After reading through this guidebook and identifying which colleges you are most interested in, contact them to set up a visit. There is no substitute for experiencing a college firsthand and discovering if it is the best fit for you.

Checklist: What to ask on your college visit.

- ◯ What academic programs on campus are most popular?
- ◯ What is the average financial aid package?
- ◯ Are there work study opportunities?
- ◯ How many students do internships?
- ◯ What careers services are available on campus?
- ◯ Are any tutoring options offered?
- ◯ What student organizations are on campus?
- ◯ Are there opportunities to study abroad?
- ◯ What are the different dining and housing options?

CHARLES R. DREW UNIVERSITY OF MEDICINE AND SCIENCE

Charles R. Drew University of Medicine and Science (CDU) is a private, nonprofit, community-founded, student-centered University committed to cultivating diverse health professional leaders who are dedicated to social justice and health equity for underserved populations, through outstanding education, clinical service, and community engagement. CDU benefits from the diversity of South Los Angeles, creating an academic environment unlike any other. The "CDU Advantage," a curriculum based on research, social justice, international exposure, experiential education, and health policy, gives graduates solid preparation to practice in their chosen field of healthcare, and a true understanding of health disparities, health policy, and social justice. CDU is named after Dr. Charles R. Drew, a brilliant, pioneering African-American physician who overcame long odds and racism in the early 20th century to produce seminal work on blood banking and blood plasma storage and transfusion. His dedication to learning and sharing knowledge is the inspiration for the University.

CLAREMONT MCKENNA COLLEGE

Claremont McKenna College (CMC), one of the nation's top liberal arts colleges, prepares students to make a difference. The College educates students for thoughtful and productive lives and roles of responsible leadership through its strong, real-world mission. Admission to the College is need-blind and emphasizes the demonstration of leadership accomplishments. The College attracts a student body that is broadly diverse and accomplished beyond the classroom. Located on a scenic, tree-lined residential campus 30 miles east of Los Angeles, CMC is a member of The Claremont Colleges, a seven-college consortium modeled after Oxford University. CMC students choose from more than 2,200 classes and participate in co-curricular activities with 7,000 other students at The Claremont Colleges. Students have the best of both worlds: the intimacy of a small residential college with small classes and a student-faculty ratio of nine to one, and the shared resources of a larger research university.

HARVEY MUDD COLLEGE

A small private liberal arts college of math, science, and engineering, Harvey Mudd College was the fourth undergraduate member of The Claremont Colleges. It is located in Claremont, California, a suburb 35 miles east of Los Angeles. With fewer than 900 students, it is the smallest of The Claremont Colleges, and offers only 10 majors, all in math, science, and engineering. Students complete a Common Core, which includes courses from every major, as well as academic writing and critical inquiry. Students must also take a substantial amount of coursework in the Humanities, Social Sciences, and Arts at the College or within the consortium.

NATIONAL UNIVERSITY

National University (NU) is a San Diego-based nonprofit, founded in 1971 by retired U.S. Navy Lt. Cmdr. David Chigos. As the largest private nonprofit university in San Diego, our mission is to provide accessible, achievable higher education to adult learners. A pioneer in the digital space, we have offered online classes for more than 20 years. Today, we educate students across all 50 states and from 65 countries, offering over 100 on-campus and online programs through our unique four-week class format. Our undergraduate and graduate programs include healthcare, business, education, engineering, law, criminal justice, and homeland security. Classes are available online or at over 20 locations in California and Nevada. As the top educator of educators in California, we have credentialed more teachers than any other California university. At NU, we are committed to serving those who serve, by offering military tuition discounts and scholarships for military personnel and their dependents.

OCCIDENTAL COLLEGE

Founded in 1887, Occidental College (OXY), a nationally-recognized private college, fully integrates the liberal arts and sciences with the cultural and intellectual resources of the dynamic city of Los Angeles. Our curriculum is centered on an interdisciplinary, intercultural education and is enhanced by a highly engaged community of students. Students benefit from our small-classroom environment with stimulating faculty, who take their teaching as seriously as their research. With more than 40 majors and minors; exemplary, one-of-a-kind programs such as the Kahane United Nations Program and Campaign Semester; and our emphasis on research through the Undergraduate Research Center and senior comprehensives, Occidental provides its students with a compelling intellectual adventure. Academic rigor is enhanced by internships and community partnerships across Los Angeles. Uncommonly inclusive and consciously collaborative, our students seek to embrace difference and make a difference in the world. Students graduate from Occidental as strategic thinkers and effective communicators. It is an education that is Distinctly OXY.

PROVIDENCE CHRISTIAN COLLEGE

As the only remaining Reformed college on the West Coast, Providence Christian College provides an education based in a deep conviction to God's word within a community of believers. Here, faith is an integral and essential component of the education—in every subject. We call it Faith Guided Learning™ because the Scriptures give purpose and freedom to learning. A Providence education does this with a rigorous emphasis on both experiential and classroom learning, in a small college environment, paired with immersion experiences in the arts, sciences, and culture of Los Angeles through our flagship Avodah Experiential Learning program.

UNIVERSITY OF SAN DIEGO

The University of San Diego (USD) sets the standard for an engaged, contemporary Catholic university, where innovative change makers confront humanity's urgent challenges. USD's values are reflected in the University's rich Catholic intellectual tradition as well as its commitment to the liberal arts, which together ensure that its community of scholars are educated wholly — intellectually, physically, spiritually, emotionally, socially, and culturally. USD provides a character-building education that fosters independent thought, innovation, integrity, analytical thinking, and an open-minded, collaborative world view.
The university welcomes and respects those whose lives are formed by different traditions, recognizing the importance of varying perspectives in contributing to a pluralistic society and fostering an atmosphere of open discussion and discovery.

ZAYTUNA COLLEGE

Zaytuna College, the first Muslim liberal arts college in the United States, began in 1996 as Zaytuna Institute in Hayward, California. The institute, through various programs and media, established an international reputation for its efforts to help revive Islam's educational and intellectual reputation for its advocacy of traditional Muslim education. In 2017, Zaytuna College was blessed with a bucolic ten-acre historic campus at the top of "Holy Hill," on Grizzly Peak in Berkeley, California. Our Marin campus serves as a true home for the first Muslim liberal arts college in the country. Zaytuna College aims to educate and prepare morally committed professional, intellectual, and spiritual leaders who are grounded in the Islamic scholarly tradition and conversant with the cultural currents and critical ideas shaping modern society.
