

Education Deans & Directors Council 2025 Educator Programs Fact Sheet

The AICCU Education Deans and Directors Council represents 44 colleges, schools, and programs of education which train and credential California's future educator workforce, including teachers and administrators.

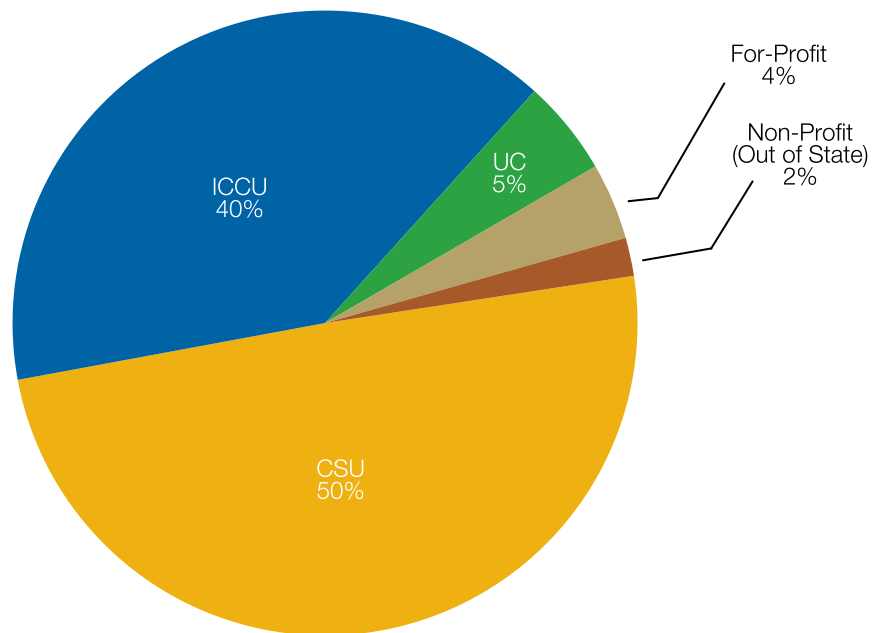

Teacher Supply

40%

of new teacher credentials were awarded at independent California colleges and universities (ICCU)* in 2023-24

44%

of all teacher preparation students are enrolled at ICCUs' full-time and part-time programs

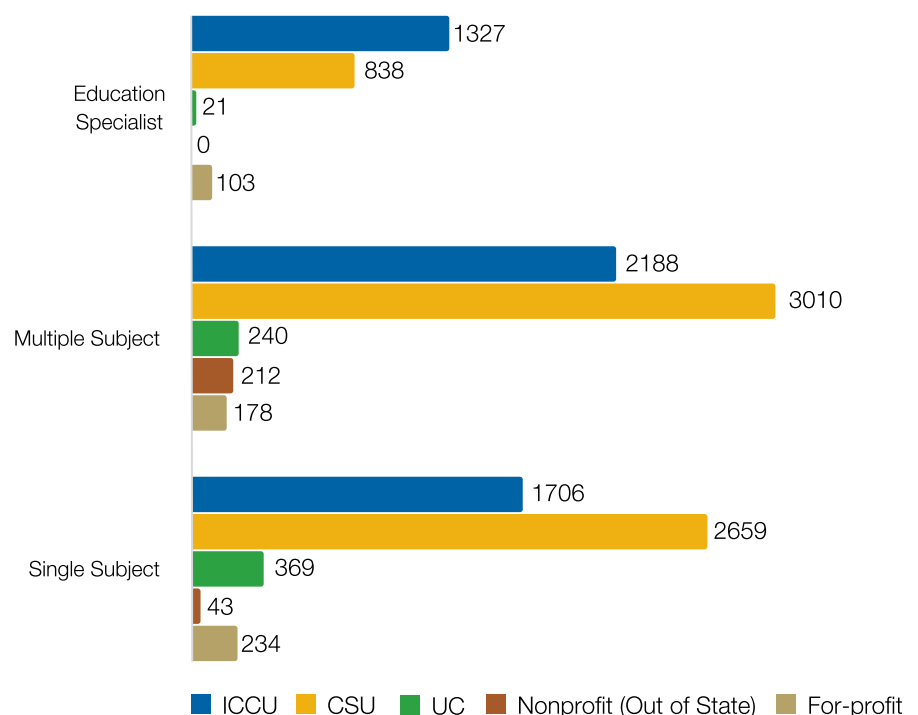

New Teaching Credentials by Credential Type and Sector

An educational specialist credential authorizes teaching in seven areas of specialization: mild/moderate disabilities, moderate/severe disabilities, deaf and hard of hearing, visual impairments, physical and health impairments, early childhood special education, and language and academic development.

A multiple subject credential authorizes teaching all subjects in a self-contained K-12 classroom, usually at the elementary level.

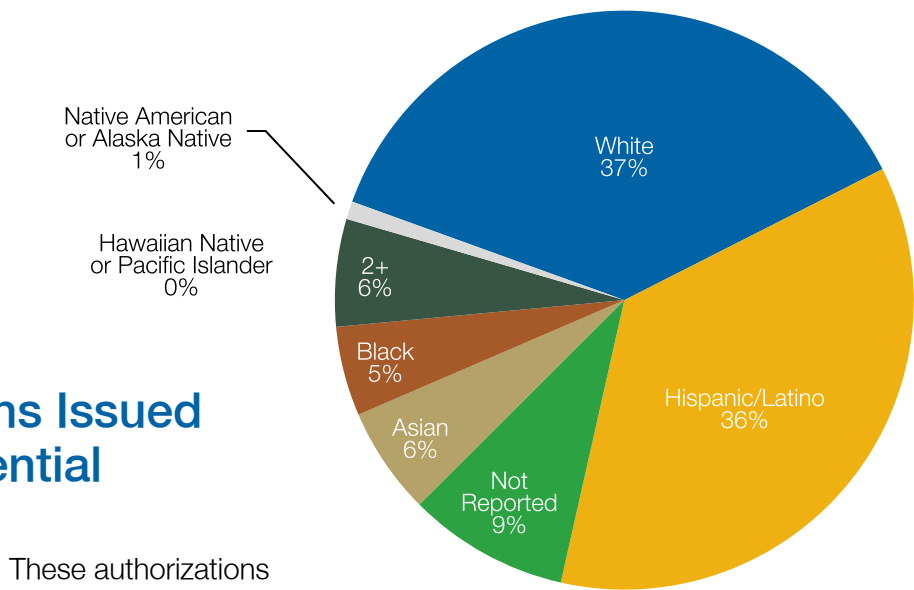

A single subject credential authorizes teaching a specific subject, typically at the middle or secondary level.

Ethnicity of ICCU Teacher Preparation Enrollment

60%

of those enrolled in teacher preparation programs at ICCUs who reported their ethnicity are of a non-White background

Bilingual Authorizations Issued on a Certificate/Credential

150+

students in the ICCU sector are pursuing bilingual authorizations

These authorizations may be issued as a stand-alone document, and also initially issued or subsequently added on a valid Educator Authorization document or a teaching credential (i.e., Multiple Subject Teaching Credential, Single Subject Teaching Credential, Education Specialist Instruction Credential).

Administrative Services Credentials Issued

609

administrative service credentials issued in the ICCU sector for the 2023-24 fiscal year

These include four types of new credentials: intern, certificate of eligibility, preliminary and clear. The administrative services credential is needed to serve as a school site principal, assistant principal, or district/county administrator.

AICCU Institutions with Educator Programs

Alder Graduate School of Education	Loyola Marymount University	The Master's University
Azusa Pacific University	Mount Saint Mary's University	Touro University California
Biola University	National University	University of La Verne
California Baptist University	Notre Dame De Namur University	University of Massachusetts Global
California Lutheran University	Pacific Oaks College	University of Redlands
Chapman University	Pacific Union College	University of San Diego
Claremont Graduate University	Pepperdine University	University of San Francisco
Concordia University Irvine	Point Loma Nazarene University	University of Southern California
Dominican University of California	Reach University (Alternatives in Action)	University of the Pacific
Fresno Pacific University	San Diego Christian College	Vanguard University
Hope International University	Santa Clara University	Westmont College
Humphreys University	Simpson University	Whittier College
La Sierra University	Saint Mary's College of California	William Jessup University
Los Angeles Pacific University	Stanford University
