The Geosciences Online Learning Initiative (GOLI) is a webinar program developed in cooperation between the American Geosciences Institute (AGI) and the American Institute of Professional Geologists (AIPG). We welcome applications from presenters for a broad range of topics that may be informative and of interest to geoscientists, other scientists, educators/students, legislators, and the public. The presentation format is live, using PowerPoint, and about 50 to 60 minutes in duration. The presentation may be recorded for additional viewing opportunities. These webinars may also be suitable for the award of continuing education units (CEUs) or continuing professional development.

As part of selection and screening process to have your presentation topic considered for the webinar series, please complete this form and submit to AIPG, 1333 W. 120th Ave., Suite 211, Westminster, CO 80234-2710 or send by e-mail to: aipg@aipg.org. Upon notification of AIPG/AGI’s interest in your presentation topic, additional guidelines and agreements will be provided to you as part of the screening process and to aid in the development of a successful, professional webinar.
