## 2020 Summer CPE Series | Virtual Training

Tuesday, September 8 | 2:00 – 3:00 p.m. ET

# 2020 SUMMER CPE SERIES

Local government auditing is an important public service. As audit shops adapt to COVID-19, it has never been more important for auditors to grow and maintain professional and personal skills.

**ALGA has developed a Summer CPE Series for 2020. We want to make sure our members have access to continuing professional education. This is especially needed since in-person training is not available, and many shops are facing additional budget pressures.**

The Summer CPE Series provides our members with an opportunity to earn up to 23 credits of NASBA-certified CPE at a highly-discounted rate of \$10 per CPE credit. These deep discounts are only available this summer, so don't miss this opportunity to get extra benefit from your ALGA membership!

**Go to [algaonline.org](http://algaonline.org) to register or learn about upcoming sessions!**

2:00 - 3:00 p.m. ET

## USING DATA TO END POLICE VIOLENCE

(Auditing-Governmental) 1 CPE

The extrajudicial killings of George Floyd, Breonna Taylor, and countless other Black individuals are deplorable acts of racial injustice. How often are residents killed by police? Where are the number of deaths increasing or decreasing? How can local government auditors contribute to increasing accountability and transparency as it relates to racial justice in our own communities?

### Participant Learning Objectives:

- Understand data and trends in police-involved killings nationwide
- Learn about controls or accountability measurers that reduce police violence
- Learn how auditors can conduct audits related to police uses of force

This training is brought to you by **ALGA's Diversity, Equity, and Inclusion (DEI) Committee**. The committee works to promote a diverse, equitable, and inclusive Association by developing resources, providing education and consultation, collecting data, conducting analysis, and developing diverse members. Learn more about the committee and available DEI resources at <https://algaonline.org/page/DEI>.
