#### ITT Dublin President Dr. Tim Creedon Retires

After a distinguished career as a Lecturer, Head of School of Science and finally President of the Institute which spanned 17 years, Dr. Tim Creedon announced his retirement in on the 12th of June 2009. He will leave the Institute at the end of this month.

In doing so he remarked "It has been a real pleasure to work with you here in the Institute over the last 17 years. The Institute has made enormous strides over that time and I'm sure will continue to do so in years to come."

As President in particular, his approachable manner and calm modus operandi made him extremely popular at the Institute during a time of unprecedented success and growth for the Institute. We wish him the very best of luck in his retirement. A full dedication will be written in the Graduates Association Magazine.
