Longevity Pins

Beginning with the annual AMATYC Conference in 2016, members who have either maintained membership in AMATYC for at least 20 years or are lifetime members will be recognized. Silver recognition pins will be presented today to all non-lifetime members of 20 or more but less than 30 years of membership and lifetime members or those with 30 or more years of membership will receive a gold pin. In subsequent years, all non-lifetime members reaching 20 years of membership will receive a silver pin and all new lifetime members or members reaching 30 years of membership will receive a gold pin. Our long-term members who are not here in San Diego will have their pins mailed to them along with a note of congratulations. If you think you should have been recognized, please give me your name and information (including the number of years of membership) and I will contact the AMATYC office.
