

The Mathematics Division is seeking to fill two full time tenure track positions beginning Fall 2019. One of the positions will have a statistics emphasis. The other position will focus on general math, teaching the full spectrum of Cuesta's math courses. Applicants will be selected for an interview based on their cover letter, resume, philosophy of teaching statement, transcripts, diversity statement, and letters of recommendation. Assignments may be day, evening, or weekend classes at the San Luis Obispo Campus, the North County Campus in Paso Robles, Arroyo Grande High School, or other sites within San Luis Obispo County. For more information regarding the position please visit: <http://apptrkr.com/1364480>
