AMATYC has an exciting opportunity for you and your students. Become a Faculty Mentor for the AMATYC Student Research League. The competition will be held March 20- April 8, 2020. Students will be given a challenge problem which will require them to perform research and to write a thesis proposing a solution to the problem. Your role is to act as a guide to help them through the process. You are there to encourage, facilitate, discuss, and to help the team keep their focus.

Please consider this invigorating opportunity to work with students outside of the classroom on a project that will benefit each of you.

Check out the website for complete details.
