

AMATYC

Traveling Workshops

Bringing Ideas to You

AMATYC Professional Development at Your Institution or Affiliate Conference!

Traveling Workshops Strands!

Many Faculty can attend and low cost, too!

Key People involved in Traveling Workshops

Ready to Learn More?

AMATYC Traveling Workshops (TW) are professional development tailored for you, offered at your institution or affiliate conference, and the Traveling Workshops Facilitator (presenter) is of your choosing.

Traveling Workshops Strands (topic areas):

Developmental Mathematics	IMPACT	Inquiry Based Learning
Quantitative Reasoning/Literacy	Statistics	Teacher Preparation
Technology	Other as requested by YOU!	

The **cost of Traveling Workshops** are dependent on several factors including the length of the workshop, facilitator honorarium and travel costs, and other incidentals, such as copying or snacks.

Traveling Workshops provide an AMATYC professional development presentation for **your faculty** with minimal cost.

The **Traveling Workshops Director (TWD)** is the originator for the TW, the initial contact person making the TW request.

The **Traveling Workshops Facilitator (TWF)** works with the TWD to plan the TW, travels and facilitates the TW at the requested location, and other duties as needed or requested for the TW to be successful.

The **Traveling Workshops Coordinator (TWC)** communicates TW information, emails the TWD, finds potential facilitators, introduces the TWD to the TWF via email, and other duties as needed to assist in planning an effective Traveling Workshop.

Visit the Traveling Workshops website amatyc.org/TravelingWorkshops

Information tabs related to TW Strands, TW Grants, TW FAQ, and so much more.
