

Keith Creagh PT, DPT

Board Certified Specialist Geriatric Physical Therapy (GCS)

Candidate for Nominating Committee – Southern District Rep

I am seeking the approval of APTANJ for the position of Nominating Committee – Southern District representative. I feel I would be a great candidate for this position as I have been involved with both APTA and APTANJ encouraging members of my company and colleagues to join and be active with all of the great benefits that come with membership ever since graduating in 2010. I have a lot of experience with networking through many different roles I have served during my time as a therapist most recently being a member of a national committee for Genesis Rehab Services to improve employee outreach /satisfaction, clinical operations, and program development. I am actively involved in business development in my current role as director of rehab having many opportunities to connect with other individuals in the healthcare realm. My clinical experience and commitment to excellence will serve me well in this position to seek other candidates for positions within APTANJ that share my passion for our profession and our members. My background in both clinical and operational aspects of healthcare will serve well to converse with therapists of many difference backgrounds and experience levels. I have been a practicing clinical for almost 10 years with a specialist in geriatric physical therapy as well as being a clinical instructor and adjunct professor at numerous universities. I enjoy connecting with other like-minded individuals and feel I have a good sense of individuals character, passion, intelligence, and their commitment to APTANJs goals for the future. Thank you for this opportunity and I look forward for the chance to serve APTANJ!
