Candidate for Nominating Committee - Northern District Rep

I currently serve in the role of Northern District Nominating Committee member and would be honored to have the opportunity to serve another term in this role. APTANJ has an opportunity to continue to grow and expand our ability to advocate on behalf of our profession and our patients. The leadership of our organization has the responsibility of “steering the ship” and inspiring our membership to take action and get involved. The job of the nominating committee is to identify and assist leaders and future leaders in finding their way into roles that allow them to best contribute to “steering the ship”.

Over the past 2 election cycles, I have learned a lot about how the election process works, communication, and the needs of our organization. I have been lucky to serve in the role of vice-chair at the district level, serve on a task force, and serve as a delegate to the house of delegates. I believe that all of these experiences, including my first term on the nominating committee, set me up well to continue to serve our organization. I look forward to the opportunity to continue to assist in shaping the leadership of APTANJ and doing my part to serve our great profession of physical therapy.
