

Richard Hubler, PT, DPT
Board Certified Orthopaedic Clinical Specialist
Fellow, American Academy of Orthopaedic Manual Physical Therapists

Candidate for Delegate

For the last nine years it has been an amazing experience working as a physical therapist in New Jersey. I graduated from UMDNJ and Rutgers-Camden with my Doctor of Physical Therapy degree and I went on to graduate from the Fellowship in Orthopaedic Manual Physical Therapy Program at Regis University. I have worked in both outpatient and sub-acute rehabilitation and I currently teach full-time in the Doctor of Physical Therapy Program at Seton Hall University. I also serve as a faculty member in the Select Medical Orthopaedic Residency program and I am enrolled in the PhD Program in Higher Education Leadership at Seton Hall University. These experiences have afforded me an excellent vantage point on the current state of the field of physical therapy, and I now ask for your support as I look to serve as a Delegate for the APTANJ. I hope to bring my clinical, education, and leadership experience to provide NJ physical therapists with appropriate representation within the APTANJ and the House of Delegates. Thank you for your consideration.
