

**Margaret (Peggy) Soucek, PT, DPT**

Candidate for Delegate

My name is Peggy Soucek and I am seeking your support for re-election as an APTANJ delegate. My current role for our chapter is serving in a two-year term as delegate, which ends this June.

I am the Director of Rehabilitation and Wound Care services at Inspira Medical Center Mullica Hill; where I oversee Physical, Occupational & Speech Therapy and Wound Care for both inpatients and outpatients. This has been a very exciting and busy year for me with our move from Inspira Medical Center Woodbury to our brand-new hospital, Inspira Medical Center Mullica Hill and Outpatient Center.

I have been an APTANJ member since 1985. I have served in many roles in our organization, including committees, task forces and elected positions, including 2 terms as Chief Delegate. I was honored to be the recipient of the 2015 APTANJ Outstanding Service Award. As a seasoned delegate, I would like to continue to participate in setting the priorities of our organization by collaborating with delegates, leaders and new professionals, both in NJ and on a national level. I enjoy mentoring new delegates and bringing the delegation a perspective of past happenings in the House that may impact current motions. During the next 2-year term, the House of Delegates will be reviewing all APTA bylaws. I have facilitated the review of APTANJ bylaws and feel I can make a strong contribution to this process.

The NJ delegation continues to work hard throughout the year to know and meet the challenges of our profession for both Physical Therapists and Physical Therapist Assistants in all areas of practice. It would be a privilege to continue to serve as a delegate to help decide national standards, policies, bylaws and priorities for our Association

Thank you for taking the time to review my position statement and please vote for me, Margaret (Peggy) Soucek.
