

Thomas G Gardner, DPT, ATC, FAAOMPT

Candidate for Delegate

I am running for a delegate position to help strengthen The APTANJ organization and to further the profession of physical therapy. I believe that I am a strong candidate due to my 12-plus years of experience and varied experiences in several avenues of practicing physical therapy. Currently I am working in an out-patient orthopedic setting, but I have spent time working in skilled nursing facilities (SNF's), school-based pediatrics, stroke-rehabilitation out-patient, vestibular focused out-patient, and home-based pediatrics.

In my 2 ½ years since returning to the New Jersey area, I have actively participated in both APTA and APTANJ events and have been a core member of APTANJ's Opioid Task Force. I am dedicated in advocating for the treatment of physical therapy for many different reasons and would like to intensify that voice for both the profession and the organization.

Thank you for your consideration and I look forward to serving as a delegate for the APTANJ.
