

2019 Nonprofit Day of Advocacy w/ Arizona State Legislators

Presenting Sponsor \$1,500 or

Supporting Sponsor \$500

While the Alliance of Arizona Nonprofits participates in advocacy conversations and discussion year-round, the Nonprofit Day of Advocacy is our opportunity to really give our nonprofit members the hands-on experience they need. The exclusive Presenting Sponsorship provides your organization with the opportunity to provide an important education opportunity to increase the sector's understanding of advocacy.

Nonprofits and industry professionals have a vital role to play in educating and collaborating to advocate for causes, programs and students. Contrary to popular misconception, nonprofits, public charities and other stakeholders can lobby, though not all advocacy requires direct action in the halls of Congress or at the State Capitol. Our pre-workshop will provide steps on how each individual can become a better advocate by sharing their stories and impact on the community in a relatable way. The ultimate goal is to engage these individuals so they begin to include lobbying as a best practice within their own organization.

The goals of the Advocacy Program are for nonprofits learn:

- What advocacy is
- Why they should advocate
- How they can engage in advocacy effectively
- Myths and facts about lobbying and public policy
- Best practices in working with legislators
