

I am sure there are high levels of anxiety, turmoil, and many challenges we are all facing with the COVID-19 pandemic.

Some things are very uncomfortable and stressful to talk about, and future plans seem senseless to discuss.

But, planning might bring us a sense of normalcy and hopeful expectations.

At this time, ASCET National and the ACE 2020 Planning Committee, continue to work on the event in San Antonio.

We are hopeful that the international crisis will improve and the ACE 2020 will be able to take place.

On behalf of the leadership of ASCET, Paul Flannigan, President; Andrew Shear, Board of Directors; the ACE Committee; and the full ASCET Executive Committee; I ask that you, along with us, remain committed to the ACE 2020 in San Antonio.

We remain hopeful and remain committed to the success of the event. We also understand that the success of the event is ultimately based on your participation and attendance.

Please remain safe, healthy, and aware of the changing daily issues around us.

And, all we can ask is that you can hopefully continue to carve out your participation and attendance to the ACE 2020 event November 12th in San Antonio.

With great respect and understanding.

Jimmy Lynch, President-Elect

ACE 2020 Committee Chair
