

## POSTER ABSTRACT SUBMISSION GUIDELINES – 2026 in Dallas

- Poster presentation submissions are accepted as one of the two major forms of scientific communication at the conference (Oral presentations are the other form). All abstracts, regardless of their presentation method, are subject to the same rules for submission and presentation.
- Abstract length is limited to 500 words. If your abstract is longer, the system will instruct you to reduce the number of characters before you can continue the submission process. Please use title casing, capitalizing only the first letter in each word. Do not repeat the abstract title or authors in the text of your abstract. If you are pasting your abstract text into the submission site, please note that special characters and scientific symbols may cause translation problems. Review your submission carefully.
- Presentations must be made in English, as no translation service will be available.
- The Presenting Author for each abstract submitted must be clearly identified at the time of abstract submission. Be sure to list any Co-authors at the time of submission.
- Abstracts should be informative and include data and/or results. Those suggesting that the work is not yet completed will be rejected.
- A non-refundable abstract submission fee of \$30 is due and payable at the time of abstract submission. Early decision is due on March 1. All regular abstract submission fees must be received by March 15, 2026.
- An extended poster submission will run from March 15 - April 15, 2026 with a non-refundable abstract submission fee of \$55 due and payable at the time of submission. All extended submission fees must be received by April 15, 2026.
- Accepted papers will be organized by the Technical Program Committee into interest group subject matter. The preference indicated by the submitter will be taken into account, however, the Technical Program Committee shall have full authority to assign papers to appropriate oral and poster sessions.
- The Technical Program Committee shall have full authority to accept or to reject a paper upon evaluation of the title and the abstract. Rejection of a paper by the Technical Program Committee is final.
- An individual cannot submit the same material for two different presentations. You must choose either a poster or an oral session. Only one presentation is allowed per person per the same data. If you want to present both a poster and an oral session, the content of the material discussed must be different for each presentation and with clearly different abstracts.
- Changes to submitted abstracts will be accepted (including presenting author name) until **May 1, 2026**.

- No paper may be presented at the Annual Conference that has been given previously before another scientific society or that has appeared in print prior to the Annual Conference.
- You may submit an unlimited number of abstracts for poster presentations. However, please do not submit the same abstract multiple times.
- Abstract submissions accepted by the Technical Program Committee will be published in the Program of the Annual Conference only if the presenting author is registered and paid in full by **May 30, 2026**. If the presenting author is not registered and paid in full by this date, ASHS will remove the abstract from the Program.
- Once accepted, all poster presenters are encouraged to pre-record a presentation and attach it to their poster abstract in Sched (meeting app).
- Authors are strongly encouraged, but not required, to give ASHS first option to publish papers presented at the ASHS Annual Conference.
- The abstracts of presented papers will be published in an online supplement to *HortScience* in the fall of 2026. The supplement will be available through the *HortScience* electronic journal site. The file will be open access and paginated as a supplement, with each page number beginning with “S”.
- The poster papers must be presented in person in Dallas (i.e. the presenting author must actually attend the conference and present his or her work), or the abstract will be pulled from the program and from the online supplement to *HortScience*.
- The poster must be hung and remain in place for the entire conference, or the author will be considered a no-show. Presenters are prohibited from hanging their poster up only at the time of their presentation. ASHS staff go through the Poster Hall several times per day and monitor the absence of each poster. If your poster is not in place during all the required days, it will be considered as not presented, even if the author was present at the allotted presentation time. Posters marked as not presented will not be included in the *HortScience* supplement.

### **Poster Specifications**

- Poster presentations are to be no larger than 42” x 42” in size. You may use any standard poster size that fits within 42” x 42” space allotted to each poster
- Abstract titles, names, and affiliations should appear on the top of the poster.
- A simple sans serif-face font (e.g. Helvetica) should be used.
- Lettering for the title should be at least one inch tall. The authors’ names and affiliations may be somewhat smaller.

- Authors are encouraged to include photographs to assist in author identification.

**Content:**

- Do not prepare a poster as if it were a manuscript. Primarily, use tables and figures and limit verbiage. Details of the work can be provided in discussions with interested parties.
- Lettering for text and illustrations should range in size between 6 mm and 12 mm.

**Display:**

- A numbered board space is assigned for each poster. Presenters will receive an assigned space number prior to the conference.
- Presenters are responsible for their own pushpins for securing the poster to the board.
- All posters are to be put up in the Poster Hall on Tuesday, August 4, 2026.
- All posters must remain up through the final poster session on Friday, August 7, 2026.
- Posters not on display for the entire conference (August 4-7) will be considered a no-show and will not be included in the *HortScience* supplemental.
- The Poster Hall will be dismantled on Friday August 7 beginning at 2 p.m.
- All accepted Poster presenters are encouraged to pre-record a poster presentation and attach it to their poster abstract in Sched (this should be in advance of arriving at the conference in the Sched meeting app). Poster presenters are still required to present during the conference at their assigned time but this process will allow your recorded presentation to remain part of the ASHS archive.
