Dear Friends,

What a joy to see Pi Alpha Xi’s scope of membership grow!

It was my pleasure to install the Alpha Omicron chapter at University of Arkansas on May 2, 2006, and Secretary-Treasurer Daniel Warnock had the pleasure of installing the Alpha Pi chapter at University of Wisconsin—Platteville on May 4, 2006. (See articles in this issue of the *Lotus Leaflet.*) We now have 39 chapters and over 13,400 members!

I hope you are finding the Pi Alpha Xi membership database, which is accessible from the Pi Alpha Xi National website (http://www.pax.okstate.edu/), helpful for verifying your membership records and printing membership lists. If you’ve not tried it, please, feel free to do so. (Enter “pax” without the quotation marks as both the account name and the password.)

I hope you’re planning to join us at this summer’s National Convention in conjunction with the ASHS Annual Conference in New Orleans. The PAX Luncheon is a great time to renew friendships, welcome new members, and experience good fellowship. At this year’s National Convention on Saturday, July 29, at Noon-2 PM, we will be electing national officers to ensure continued growth and health of our society, recognizing Fellows of the society for their contributions to PAX and horticulture, and announcing the winners of the photography contest. If you have not already purchased your Pi Alpha Xi Luncheon ticket for our National Convention, contact ASHS.

Also, don’t forget to enter your photographs in the PAX Photography Contest. New guidelines for this year’s contest are posted on the PAX website (http://www.pax.okstate.edu/paxphoto.html). Entry fees from the contest help to provide a matching scholarship of up to $100 to each qualifying active chapter per year. Guidelines for requesting matching scholarship funds are posted on the PAX website (http://www.pax.okstate.edu/paxschlr.html).

I look forward to seeing you soon,

Doug

---

THE PURPOSE OF PI ALPHA XI, THE HONOR SOCIETY FOR HORTICULTURE, IS TO RECOGNIZE HIGH SCHOLARSHIP, TO FOSTER GOOD RELATIONSHIPS AMONG ITS MEMBERS, TO PROMOTE OR TO FACILITATE THE EXCHANGE OF IDEAS AMONG MEMBERS OF THE PROFESSIONS, AND TO ESTABLISH CORDIAL RELATIONS AMONG STUDENTS, EDUCATORS AND INDUSTRY MEMBERS.

---

Board of Directors

Installation of Alpha Omicron Chapter at the University of Arkansas

President Doug Needham installed the Alpha Omicron chapter of Pi Alpha Xi at the University of Arkansas on Tuesday, May 2, 2006. Dr. David Hensley (Omicron 83), Head of the Department of Horticulture, welcomed initiates, family, and friends to the department’s Awards and Senior Recognition Banquet. President Needham presided over the installation of the chapter and initiation of its 20 charter members (Fig 1). With Pi Alpha Xi’s change to the Honor Society for Horticulture, new initiates included many horticulture faculty who are familiar to ASHS and PAX members—Dr. John Clark, Professor of pomology; Dr. James Moore, Distinguished Professor Emeritus of fruit breeding; Dr. Teddy Morelock, Professor of vegetable breeding; Dr. Mike Richardson, Associate Professor of turfgrass; and Dr. Curt Rom, Associate Professor of pomology.

The evening concluded with recognition of the 2005-2006 class of graduating seniors and graduate students, presented by Dr. Curt Rom, Undergraduate Program Chair, and Dr. David Hensley. Kimberley Dennis was recognized with the Vaile-Watts Award as the Outstanding Senior in Horticulture. New initiate Kristen Harper Patterson and Bruce Dunn (Alpha Delta 148) were recognized as the Outstanding Departmental M.S. and Ph.D. Students, respectively (Fig. 2). Additionally, Bruce Dunn was awarded the J.N. Moore Graduate Fellowship in Horticulture Plant Breeding and Genetics by new initiate Dr. James N. Moore. New initiate Amanda Moscoso and Mallory Mounce were recognized for having received the Stanley Smith Horticulture Trust Internship.
Charter Members of new Pi Alpha Xi Chapter
Alpha Omicron at the University of Arkansas

Installation of Alpha Pi Chapter
at the University of Wisconsin – Platteville

The National Officers and more than 13,000 members of Pi Alpha Xi welcome the charter members of the Alpha-Pi Chapter at the University of Wisconsin-Platteville. Members of the 39th chapter of Pi Alpha Xi were officially inducted on May 4, 2006, during a dinner ceremony. Dr. Michael Compton, Alpha-Pi Chapter Advisor, began the evening by introducing the candidates and providing a historical perspective of how the Alpha-Pi Chapter was founded. Dr. Compton then introduced Pi Alpha Xi National Secretary/Treasurer Daniel Warnock who provided the invocation before a delightful dinner was enjoyed by everyone. Immediately following dinner, the installation ceremony of ten charter members was conducted by Dr. Warnock. Charter members received their certificates and pins upon induction. After the ceremony, chapter officers for 2007 were elected followed by adjournment.

Front row (left to right): Holly Ziobro, Benjamin Lindner, Ryan Risse, Andrea Scott and Kathryn DePauw.
Back row (left to right): Dr. Michael Compton (advisor), Heather Fox, Gina McNamer, Derrick Furman, Benjamin Lee and Dr. David Kopsell (honorary faculty member)
Competition Results

The 65th Intercollegiate Floral Crop Quality Evaluation and Design Competition

The Intercollegiate Floral Crop Quality Evaluation and Design Competition, which has been held annually since 1937, is co-sponsored by the American Floral Endowment and Pi Alpha Xi National, together they provide funds to the host school to stage the contest, travel funds to participating teams, and also the all-important awards presented to the winners. This year’s event, the 65th annual event, hosted by Utah State University, Logan on April 5-7, 2006 involved over 80 students from 10 universities. Students honed their critical thinking skills and fine tuned their floriculture networking abilities as they evaluated and designed with more than 60 floriculture crops donated by domestic and international producers. We are grateful to the industry partners who donated their time, energy, product, and financial support to make this event extremely successful. A complete listing of industry sponsors and additional information on the evaluation and design competition can be seen at http://www.pax.okstate.edu/.

The awards banquet, preceded by the corsage bar where students observed their coaches and industry partners creating “unique” lapel arrangements, was held at the Taggart Student Center Sky Room of Utah State University on April 7th. Dr. Douglas Needham, President Pi Alpha Xi National, welcomed everyone and presented a historical overview of the Floral Crop Quality Evaluation and Design Competition. Dr. Needham then indicated that the 66th annual competition will be held on March 28-30th, 2007 and hosted by the Department of Horticulture and Landscape Architecture at Oklahoma State University. Dr. Needham will be coordinating the event and invited everyone to participate. See the PAX website (http://www.pax.okstate.edu/paxfljg.html) for more information.

After dinner, Dr. LaMar Anderson, Utah State University, conducted a lively and entertaining awards ceremony. We congratulate all of the teams that participated in this year’s event. The teams were well prepared and all deserve congratulations for their hard work and great attitude during the entire competition. The official placements are listed below.

CERTIFICATES OF PARTICIPATION

All students participating in the Annual National Intercollegiate Floral Crop Quality Evaluation and Design Competition received Certificates of Participation awarded by competition cosponsors the American Floral Endowment and Pi Alpha Xi National.

About the Sponsors

The American Floral Endowment is the only industry-wide, industry-based organization totally dedicated to funding research and education programs for floriculture and environmental horticulture.

Pi Alpha Xi is the national honorary society for horticulture.

Paul Ecke Poinsettias, Inc. is a producer, propagator, breeder and distributor of poinsettias and other flowering plants.
