

INSAR – How to Register for Summer Institute (if you are not an INSAR member and have not yet created a profile)

Go to the website: www.autism-insar.org

And find the event in the Calendar; click the event link

Find the Create A Profile link, top right corner

Review the instructions and choose the “non member type” that best describes your current status. This system requires all individuals with a profile to be categorized as a “member type,” so even individuals who are not INSAR members are welcome to create a profile. This profile adds you to our email distribution list, allows you to register for events and grants access to free content (such as the Summer Institute) without joining the society and paying dues, as interested professionals, parents, stakeholders who support our mission and want the opportunity to receive INSAR news, updates, and event / activity information.

Choose either **Student Non Member** (if you are currently a full-time student); choose **Non Student Non Member** if you are not a student.
