

Arizona
Ambulance
Association

"A collaborative voice for caring,
safe and professional service"

July 27, 2020

Greetings from the Arizona Ambulance Association!

I am writing in hope that you will support our Association and the industry it serves. The Arizona Ambulance Association is a 501(c)6 non-profit trade association that was organized to provide ambulance operators a common voice to work toward their goals on issues of mutual concern. The Association represents ambulance operators before legislative and regulatory bodies on matters of general industry interests. Our organization is comprised of emergency service providers throughout the state of Arizona representing ground and air ambulance providers, both public and private, from densely populated urban areas to rural and wilderness areas of the state.

Our primary event is an annual membership conference to provide industry updates and education to attendees. Considering the COVID-19 pandemic, we have changed the scope of this year's conference: We will now focus on the current and future impacts of the pandemic and offer virtual attendance to allow for social distancing and attendee cost reduction.

During the pandemic, we could use your support now more than ever. We revised our sponsorship opportunity to a \$1,000 contribution. Recognition will include the following:

- Logo printed in the agenda and displayed in the background to attendees.
- Specific mention of your organization during the President's Welcome and all breaks.
- Thirty seconds of "airtime" for a recorded or in-person overview of your organization.
- Affiliate membership with the Arizona Ambulance Association, if desired.

For questions please call Ron Deadman (623-293-3614) or Tiffany Fields (480-261-4216). Online registration is available at <https://azambulance.org> by clicking on the "Conference Registration" tab.

Thank you for your support!

Regards,

Rebecca Haro
President
Arizona Ambulance Association
