Abstract Title:

Submissions of titles that are **NOT** in the correct format will be rejected.

- Be sure your title accurately and concisely reflects the abstract content.
- Do **NOT** use proprietary (brand) names in the title.
- Capitalize only the first letter of the first word in the title, except in the case of acronyms or proper nouns (e.g. countries, etc.). Do not use ALL CAPS.
- Do not use "A," "An," or "The" as the first word in the title.

Abstract Format:

- Do not use special functions such as tabs, underlines, trademarks, superscript, subscript, bold, or italics.
- Do not include graphs, tables, or illustrations in your abstract.
- Spell out all pharmaceutical acronyms.
- Do not include the title or authors in the body of the abstract.
- Abstracts in outline form will be rejected.

Results:

Due to the extended deadline for conference abstract submissions, abstracts should include at minimum descriptive statistics as applicable. One of the intents in having a later conference date is to provide residents more time to finish data analysis and project completion.
