**DATA PRIVACY AND SECURITY LAWS -
THEIR BROAD REACH AND ENFORCEMENT**

*In the last 20 years, new privacy and security legislation has been enacted that affects
almost every sector of the U.S. and world economy, and even more regulations will be implemented over
the next several months. Our panel of attorneys will provide an overview of laws affecting the
U. S. finance and health care industries, and will also address how the General Data Protection Regulation (GDPR),
the European Union's strict new rules for protecting all types of personal data in almost any context,
will impact data privacy and security requirements worldwide.*
