

Training Programs Info Sheet

BOAF Cross Training

vs

Internship

Anyone with a standard license or a lifesafety certificate seeking additional licensure may apply to participate in BOAF Cross Training Programs

BCAIB Approval

Internship programs are open to anyone regardless of work experience. No prior licensing required before entering the internship program. Follow the Building Official's BCAIB approved training curriculum.

BOAF has approved programs in the 4 trades and 1 & 2 Family Dwelling that an applicant may begin as soon as their application is approved

Prerequisites

Participants must be an employee of the governmental jurisdiction and pass the ICC technical exam prior to applying for the internship program (use BCAIB form 12)

200 Hour Programs:

- Building Inspector or Plans Examiner
- Mechanical Inspector or Plans Examiner
- Plumbing Inspector or Plans Examiner
- Electrical Inspector or Plans Examiner

Programs Available

Building Inspector or Plans Examiner
Mechanical Inspector or Plans Examiner
Plumbing Inspector or Plans Examiner
Electrical Inspector or Plans Examiner

500 Hour Program: 1 & 2 Family Dwelling Inspector (800 Hours for Lifesafety certificate holders)

Applicants have 36 months to complete program requirements (OJT and coursework), there is no minimum time-frame.

Duration

1-4 years to complete the program while working under a provisional license
Existing Standard license holders may complete additional license categories in 1 year

Building 50 hours
Mechanical 40 hours
Plumbing 40 hours
Electrical 46 hours
1 & 2 Family Dwelling Inspector 127 hours

Coursework
Some courses are available online, others are face-to-face at the BOAF Office in Sanford.

Training under the Building Official's curriculum during the internship term, attendance of a 40-hour code course in the category sought and passing the Principles & Practice Exam
BOAF has BCAIB approved 40-hour codes courses for inspectors and plans examiners that may be utilized by jurisdictions

Applicant may enroll in two BOAF Programs simultaneously

Limitations

FAC rule permits the applicant to be enrolled in only one internship program at a time

Submit BOAF Cross Training Certificate of Completion (use BCAIB Form 1). Participant must pass the ICC Technical exam.

Licensure

Participant must obtain favorable recommendation from the supervising building official for issuance of a standard license by BCAIB (use BCAIB Form 12)
