

CoASL Meeting

2/20/15

Attendees: Dan Cordova, Melissa Kovac, Laura Cullerton, Jessica King

April Workshop Planning

Pat Wagner and Melissa Powell have already agreed to present. After the educational discussion about the Medical Marijuana Industry, Dan brought up that we could invite someone from the Attorney General's office or Marijuana Enforcement Division. Then the idea of having representatives from medical, recreational and enforcement areas of the marijuana industry was introduced, possibly with a panel discussion.

Jessica still has to iron out details on costs and payment of fees with CAL.

Association Acronym Change

Jessica suggested a change from CoASL (an unintelligible acronym to say) to CoIASL or "colossal." This is a minor change, but requires a quorum to vote on it.

March Virtual Meeting

March 13 Virtual Meeting is scheduled from 12-1pm. Jenna has already created the AdobeConnect session. We need a presenter. Dan said he would be willing to discuss how his library has evolved and wants to be able to provide information from the courts to the taxpayers for free.

RMSLA Partnership Opportunity

Jessica received an email from the current RMSLA President about partnering with them on their workshop in August. They need to have an answer by April 1st.
