BUCK THE TREND

Let us show you how to bridge the gap between your demanding work in the classroom and landing your first internship or job.

Whether your goal is to get a job when you graduate or to work on an advanced degree, we have the solution for you. Attend either or both conferences to get the information you need to move to the next level.

Of the managers surveyed by LinkedIn, 59% reported that they had difficulty finding candidates with soft skills.

Among the top soft skills are communicating, teamwork, critical thinking, and interpersonal communications.

THE CONFERENCE PROGRAMS FOR YOU

THE CCG (CAREER COMMUNICATIONS GROUP) LEADERSHIP TRAINING PROGRAM

This program is where leaders are groomed to face today's workplace challenges. It is a comprehensive leadership and personal development program designed to give you a competitive edge when you enter the workforce.

The CCG Leadership Training Program creates a forum where you can learn, interact, and build professional networking relationships with outstanding leaders to complement your studies.

The training program offers:

- Online courses covering core essential skills for new professionals
- Access to professional development courses at our Fall and Spring conferences
- Certification to add to your resume and LinkedIn profile
- Access to mentors and role models at our Fall and Spring conferences

PLACEMENT AND TRAINING DUO

Today, most careers begin with an internship position. Many organizations get most of their entry-level hires directly from the interns who have worked in their workplace. Organizations are increasingly identifying students for internships as early as their freshman year.

CCG JOBMATCH

This is a comprehensive training and placement solution for STEM students. When you attend any of our conferences, you may participate in an intensive two-day training program, which certifies your readiness for the workplace.

We continue to support your placement needs with the following:

- Matching your credentials with employers
- Arranging interviews at our conferences or at an employer's facility
- Advocating on your behalf to secure a placement
- Connecting you with a support system

THE PROGRAM OFFERINGS

THE CCG LEADERSHIP TRAINING PROGRAM

Networking and Leadership Development opportunities by attending workshops with professionals and connecting informally with employers. Participate in mentoring roundtables.

JOB PREP TRACK

Job search skills, interview success, mock interviews, resume writing and critique, scheduled interviews, connect with employers at the virtual career fair.

CCG JOBMATCH AND JOBS CERTIFICATION

This program offers extensive soft skills training available online that leads to full certification. When you complete this program, we arrange interviews at either of our conferences for you. Additionally, we work with you and potential employers to advocate on your behalf.

PRICING

The Career Conferences for STEM Students offers several ways to participate:

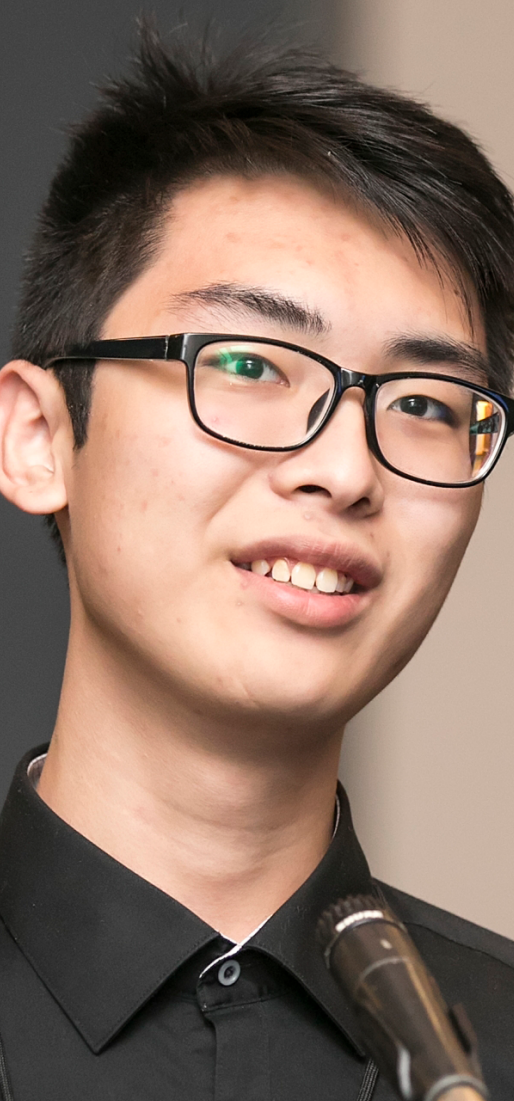

- **In-Person Students:**
Have a coordinator on campus who coordinates travel for groups numbering ten (10) or more. The fee structure for this group of students includes the hotel and conference registration. Since there are no formal meal functions, you should be prepared to provide your own meals. Funding is often provided by your school.
- **Online Full Conference Participation:**
Similar to the students participating in-person, this group may have a campus coordinator who will assist students to attend whether they are funding attendance or not.
- **Online Career Fair Only Participation:**
You may learn about the event through your school, friends, our websites, or social media and simply sign up to attend when the registration portal opens.
- You may also attend the conference on your own, selecting how you want to participate. The registration fees for this option are below.

CONFERENCE FEES

	Career Fair Only (Online)	Full Conference (Online)	Full WOC Conference (Baltimore, MD)	Full BEYA Conference (Baltimore, MD)
Registration Fee (Attending on your own)	\$0	\$50	\$100	\$100
Online Career Fair (BEYA only)	Yes	Yes	No	Yes
Career Fair In-Person	No	No	Yes	No
Education Sessions	No	Yes	Yes	Yes
Recognition Events	Youtube	DTX™ Platform YouTube	All Venues	All Venues
Annual Access BEYA STEM DTX™ or WOC STEM DTX™	No	Yes	Yes	Yes

*Limited availability. Assigned on a first come, first served basis.

** This fee includes the conference registration fee and may be waived when your school is coordinating your participation and meets all the requirements. Not available to students attending on their own.
