Business and Facilities

**Background Information**

On December 9, 2014, the District entered into an Agreement with SHI International for the purpose of procuring Microsoft products. The term of the Agreement was for three (3) years, with the option of extending the term for a period of two (2) additional years. The Agreement is important to a number of other school districts in California because they can obtain Microsoft products through the District Agreement, pursuant to a "piggyback" clause.

The District requests the Board to extend the term of the Agreement for a period of one (1) year that will take the agreement to December 2019. This will insure continuity of products and services.

**Fiscal Analysis**

The term of the Agreement Extension shall be for one (1) year. No fiscal change at this time.

**Recommendation**

It is recommended that the Board of Education approve a one (1) year extension to Agreement No. A15.151 between the District and SHI, with the new Agreement term ending on December 9, 2019.

On Motion # 59 by Trustee Blayse, seconded by Trustee Daniel and carried by a vote of 3/0, the Board Education approved, by roll-call-vote, an extension to Agreement No. A15.151 between the District and SHI International Corporation.
