

Oswaldo Galarza

Oswaldo Galarza spent 14 years on the CEDPA/CETPA Board of Directors. He held many positions including President and Treasurer.

Oz's talent for organizational management, coupled with his attention to detail and statewide connections helped the organization improve their recognized authority, not only in California, but also with nationwide organizations.

Oz served on the Board when the organization was 100% volunteer. This meant that the 12 Board members were responsible for the day-to-day operations, as well as the annual conference. Oz had a fierce dedication to CETPA K-12 roots, and worked with resolve to ensure that the organization and the conferences were successful.

Along with his extensive experience in K-12 Technology Leadership across California Schools Districts (ABC USD, Cerritos; Orange USD, Orange; Oakland USD, Oakland and San Juan USD, Carmichael) Oz also served as:

- Board of Directors Sacramento Schools Cable Consortium (SSCC) 2007-2010
- CoSN Chief Technology Officer Counsel 2007-2010
- Chair the California Chapter of CoSN 2007-2010
- Chief Technology Officer (CTO) Mentor Program:
 - Steering Committee & Mentor 2006-2010
 - Leadership & Strategic Planning Instructor 2007-2012
- The California Technology Assistance Project

Advisory Board CTAP Region IV

2004-2007

Oz is the Founder and CEO of Virtual CTO Inc., a US consulting company based in California.
