

Rob Chambers

Rob has served CEDPA/CETPA in many ways over the years. He became involved through Terrell Tucker and has never stopped supporting the organization. While his tenure as an elected Board member was short, his impact on the organization cannot be overstated. Rob helped out when CETPA was a volunteer only organization. This meant that the Board was responsible for the day-to-day operations as well as all of the details of the annual conference.

Rob's work as a volunteer equaled an additional Board member. He was there with technical answers, visionary ideas, and never complained when asked to help move boxes, stuff bags, or string cable for the hands-on labs.

Biography:
