

Scott Sexsmith

Scott has been actively working in K-20 technology since 1983. Scott is a member, past president (2001-2002) and previous board member (1998-2008) of the California Educational Technology Professionals Association (CETPA) and is currently a steering committee member and was a founding member of the committee that developed the Chief Technology Officer Mentor program.

Scott is currently an Intervention Specialist for the Fiscal Crisis and Management Assistance Team (FCMAT) performing technology studies for school districts, county offices of education and community colleges. His prior work includes positions as a Senior Programmer/Analyst at the Stanislaus County Office of Education, Manager of Information Systems at the Merced County Office of Education, Chief Information Officer at Capistrano Unified School District, and Executive Director of Information Systems at the Monterey County Office of Education.

He holds a Bachelor of Science degree in Business Administration with a concentration in Computer Information Systems and is a Certified Chief Technology Officer. Scott finds it especially rewarding to help smaller school districts and county offices implement educational technology to help students. He lives with his wife Sherilyn in the northern Sierra foothills and he enjoys swimming, traveling, restoring early muscle cars, and spending time with family.
