Two Upcoming Events from the CWA!

The CWA is excited to tell you about two upcoming events, both designed to deliver the trainings you need to run your businesses effectively. See below for more details.

[Visit Our Website](#)

CWA Certification Summit:

The CWA Certification Summit is a technical training event that offers instructor certification, work-at-height certification, and professional development opportunities for the indoor climbing industry. In addition to the certification offerings, the event will also offer first aid training and clinics and demonstrations from Petzl's technical staff.

Dates: Oct. 26 - 30, 2015

Location: Petzl Technical Institute, Salt Lake City, UT

CWA Risk Management Summit

The CWA Risk Management Summit is a new event focusing on risk management for the climbing gym. The event is designed to provide climbing wall operators with the knowledge, information, tools and resources to manage the risks of leading and operating a climbing facility. Whether your organization has a fully developed risk management program or you are just beginning the process of designing a program, the Risk Management Summit will address your needs.

CWA Risk Management Summit

November 15 – 17, 2015

Triangle Rock Club
Morrisville, NC

Dates: Nov. 15 - 17, 2015

Location: Triangle Rock Club, Morrisville, NC
