

**Commissioned Officers Association**  
of the U.S. Public Health Service

January 13, 2016

Mr. Bob Iger, Chairman and CEO  
The Walt Disney Company  
500 South Buena Vista Street  
Burbank, CA 91521-0001

Dear Mr. Iger:

Thank you, sir. I was delighted to learn that Disney is now honoring officers of the U.S. Public Health Service (USPHS) and the National Oceanic and Atmospheric Administration (NOAA) by granting them the same ticket prices as those previously given only to members of the U.S. military services. We at the Commissioned Officers Association of the USPHS are pleased to have reached this agreement with you, and it will undoubtedly encourage many of our officers to visit Disney properties in the future.

We believe it is only fitting and proper for Disney to recognize these brave officers for what they do on behalf of our country. We will publicize this policy to all 6000 of our members and we will inform the NOAA Commander of the new policy.

We will keep you apprised of any difficulties that arise as a result of the new policy's implementation.

Sincerely,

Col. James T. Currie, USA (ret.)  
Executive Director
