What's the Big Idea?

Essential Question:

How can we use what others have learned to improve governance practices?

Objectives:

- To examine resources that other governing boards have found to be useful
- To identify one or more resources that may be modified to improve practices at my school

Ground Rules

- Please **do not take the resources**. (I'll share them electronically.)
- This is a “**blitz**.” I'll mind the time, you mind the chime.
- Make good use of your **packet**.
- Make good use of your **digital devices and cameras**.
- Keep conversations to a **low volume**.
