Welcome

Dear New School Developers,

The decision to start a charter public school is a monumental one and indicates a commitment to taking the time necessary to research, build support, assemble a team and ultimately design a school that meets a need in your community. When asked what the most critical element is in developing a successful school, we have learned that it always comes back to TIME! It typically takes 18 months to three years to bring a school from theory to reality. The first phase alone, if done well, is very time consuming as you research charter school law and best practice, visit other schools, learn about the state accountability system, garner support in the community and build a team with a diverse set of skills. To learn more about the many steps involved in charter school development, please visit the Start a Charter Colorado Flowchart to gain quick access to many of the resources necessary to start a school. No matter what phase of development you are in; this monthly newsletter will offer you critical resources, helpful tips and information about important events and trainings so that your school can have a solid foundation with a high likelihood of success.

If you haven't scheduled a face to face meeting with us yet, please do so at your convenience!

Charter School Boot Camp
Hosted by the Colorado League of Charter Schools & CDE Schools of Choice Unit

Date: Thursday, April 7 - Friday, April 8
Time: 8:30 AM - 4:00 PM
Location: Colorado School Districts Self Insurance Pool, 6857 S. Spruce Street, Centennial
Cost: $35 per person, per day (fee includes coffee, lunch and materials)
Description: As school accountability continues to rise in Colorado, there is a growing need to ensure charter planning teams are truly prepared to open and operate a school before they receive a charter or apply for the CCSP grant. Plan on joining this critical training designed to support planning teams, at all stages of application writing, in gaining a clear picture of the realities of opening and operating a school, as well as, supporting teams in finding the gaps within their plan and team. This two-day workshop looks at various aspects of developing a charter school application, calling on expert presenters and providing supplemental resources to assist the charter school development team. The Colorado League of Charter Schools works closely with the Colorado Department of Education’s Schools of Choice unit through the organization and facilitation of the Charter School Boot Camp.

Join us as we dive into all of the critical elements of writing a charter application
and developing a new charter school. Topics include:

- Mission, Vision, Belief Statements and School Culture
- Goals, Objectives and Target Setting
- Academic Program Development
- Staff Development
- Governance
- Organizational Structure
- Student and Parent Policies and Handbooks
- Students with Specific Needs
- School Safety
- Waivers to State Statute and District Policies
- Budgeting Process, Staffing Model, Schedule and Budget Alignment
- Transportation
- School Lunch
- Colorado Charter School Program Start Up Grant
- Facilities
- Employee Policies and Benefits

Also, you will hear from three panels:

1. **Vendor Panel** - We have invited a panel of trusted vendors who offer products and services you will need to know about as you develop your budget. These vendors all have experience with - and understand - charter schools.
2. **Authorizer Panel** - As a founding team of a charter school it is critical to understand what charter school authorizers are looking for and how best to work with them. Our panel of authorizers will share their insights and perspectives with you.
3. **Founder Panel** - Hear from founders who have written exemplar applications and/or run successful schools. Learn from their mistakes and get important tips and advice from your peers who have recently gone through the application and school start up process.

**Registration:** [Click here to register]  
**Pre-Registration Deadline:** Friday, April 1  
(walk-ins are welcome).

New School Development Satisfaction Survey

It is our top priority to meet the needs of the new school developers we work with. If you have used our services and haven’t completed this survey yet, we urge you to do so (it’s a brief 10 minute survey). Please share with us what we are doing right and what we could be doing better. Click here to complete the survey.

Tips for Schools

Tip for Schools in the Planning Phase: Understanding Charter School Finance
When beginning to develop the budget, school founders should contact the Chief Financial Officer of the local school district in which they intend to apply to obtain the most accurate and up-to-date information on key sources of income or designations of charter schools’ revenue, including:

- The Per Pupil Revenue (PPR) the district receives for each student;
- Any authorizer required services such as Special Education;
- Any mill levy, Title or other funds the charter is entitled to receive

Colorado public school finance calculations are based on multiple factors that affect funding formulas in each district. Complete descriptions of these areas are given in more detail in the Colorado Charter School Financial Management Guide.

Tips for Schools in the Startup AND Implementation Phase: Human Resources
Human Resources and Employment matters can be complex. Thus, charter schools should utilize available resources, including the Colorado League of Charter Schools, to understand their obligations as an employer. The Colorado League of Charter Schools is available to help with HR and Employment issues by reviewing employment manuals, offering sample policies and general guidance on state and federal regulations and laws. We also refer schools to attorneys and others who provide more specific guidance. For more information, please contact the Director of Policy & Legal Initiatives, Jessica Johnson, at the Colorado League of Charter Schools at 303-989-5356 ext. 121.

Facilities
Charter schools face unique and challenging needs related to facilities. The National Charter School Resource Center provides the charter school community with easy access to high-quality resources about the facilities planning process and financing options.

Tips for Approved Schools

Customized Governance Training
If your school is approved to open in 2016, don’t forget to schedule your customized governance training. We recommend that this training occur shortly after you have your Head of School hired so that the board and school leader begin their relationship with a shared understanding of best practices in charter school governance.

The Colorado League of Charter Schools offers customized governance trainings designed to meet a school’s unique needs around board development. Workshops
League trainings generally focus on the themes, but all workshops are customized via a pre-session survey and conference call to determine your school's unique needs, goals and key issues:
Best Practices in charter school governance training introduces basic roles, responsibilities and general practices essential to creating and/or operating an effective charter school board.

Planning Grants may be available for your governance training. Please check with Lori Ventimiglia to determine eligibility. There are half-day and full-day trainings available.

New School Webinar Series

New School Development Webinar Series
The Colorado League of Charter Schools is pleased to announce updates and new offerings in our free webinar series for new charter school developers. These 90-minute webinars are designed for people who are in the process of developing a charter school application; however, anyone is welcome to attend. Each monthly webinar will focus on an area of critical importance to groups in the process of designing a school and writing a charter application. All you need is a computer and internet access to participate! Remember you can always access archived webinars here.

New Recorded Webinars:

Resources of the Month

Developing Schools Resource of the Month:
Budget Template for Application Development
If you are still in the application development stage, the Budget Template is a great tool that assists developers of charter schools in planning for and executing the development of charter schools, including but not limited to detailed financial analysis. First, check with your district/authorizer to see if they have their own budget template. If they do not, the League has a great Budget Template available that was developed by a trusted professional, Abstract Insights, LLC. It is available to new school developers upon signing of a license agreement. Please contact the New School Development department to request a license agreement and, upon having that signed and on file, we will send you the Budget Template.
REMINDER: The Charter School Waiver Process has Changed
Charter school and district personnel who handle waiver requests should be aware that the State Board of Education approved a revised version of 1 CCR 301-35, RULES FOR THE ADMINISTRATION OF THE WAIVER OF STATUTE AND RULE at the December 9 state board meeting. Updated guidance and resources on the waiver process can be found on the waiver webpage of CDE’s website.

Lunch & Learn: Integrating Technology that WORKS with Compass Learning
Hosted by the Colorado League of Charter Schools and Compass Learning
Date: Thursday, March 31
Time: 11:30 AM - 1:30 PM
Cost: League Members: free; Non-members: $25
Location: Colorado League of Charter Schools Training Center, 4201 E. Yale Avenue, Denver, CO 80222
Description: Classes get bigger. Resources shrink. In this day and age, how do make sure students receive instruction that’s best for them-that meets their needs as curious individuals? How do we engage, nurture, and sustain that curiosity? Without a doubt, implementing technology in a meaningful way can be a challenge. The secret is finding the precise balance between face-to-face instruction and digital learning in an instructional plan that delivers what students need when they need it. Compass Learning® makes it easier with engaging, rigorous learning acceleration software that provides the right breadth and depth of content. We provide top-notch K-12 solutions for intervention, blended learning, and credit recovery.
In addition, Compass Learning integrates with some of your favorite assessment partners, such as NWEA MAP. Compass Learning works by automatically translating MAP assessment data into individualized learning paths aligned to students’ RIT ranges at the sub-goal level. Each learning path contains Compass Learning reading/language arts or math instructional and practice activities specifically chosen to help students move from their current RIT ranges into the next. Research shows that students are 2.3. times more likely to grow academically when using NWEA MAP in conjunction with Compass Learning. Join us to see the impacts of high-quality instructional content on student achievement, engagement, and motivation!
This LNL is especially relevant for curriculum and instruction directors. For best results, bring your team.
Registration: Click here to register. Deadline: Tuesday, March 29. Event is contingent on a minimum of 10 attendees.

The Advocacy Day will replace the Charter School Rally we’ve held in the past in hopes of increasing direct contact with elected officials. During this all day event, you will learn about the legislative process, garner helpful tips about effective advocacy, understand current education bills that will impact charter public schools, and visit the Capitol to meet elected officials and share your own personal story about the importance of charter public schools and how they benefit our educational landscape.

In addition to parents and other charter advocates, we encourage staff and students to get involved in this day, too! After all, who makes a better advocate than the students currently attending charter public schools? We encourage middle school and high school teachers and a small group (10 maximum) of their students to participate. It promises to be an exciting day and a worthwhile civics lesson for all involved. The following information is included in each newsletter as they are valuable resources to keep on your radar.

Educating your Community

Even 22 years into the life of charter schools in Colorado, it is amazing how many people don't really understand what charter schools are and that they are public schools. New and developing schools will find this video to be a great introduction at community meetings and other outreach efforts.

What is a Charter School?

Additionally, the following links will be useful for you to remain focused on the facts in your community:

Visit the League’s New School Development page for sample model documents, upcoming events, information about grants and much. Check back frequently for updates!

Website - CharterPublic.org
The Colorado League of Charter Schools recently launched a public awareness campaign about charter public schools. Please check out the League's campaign website where the community can learn more about charter schools and find a charter school near them. We encourage you to take a look at this website and share it with your school community including prospective families.
