Re: 2010 Public School Financial Transparency Act

In its 2010 session the Colorado General Assembly passed HB 10-1036, the “Public School Financial Transparency Act,” to be codified at C.R.S. § 22-44-301 et seq. The Act defines “Local Education Providers” to include both district and Institute charter schools. Pursuant to the Act, each Local Education Provider must post online certain financial information. I have attached a checklist for compliance with the Act.
PUBLIC SCHOOL FINANCIAL TRANSPARENCY ACT CHECKLIST

The following items must be posted online commencing July 1, 2010:

1. ____ The school’s annual budget. The first budget that must be posted is the budget for the 2009-2010 budget year. The budget for the 2010-2011 budget year must also be posted. 22-44-304(1)(a)(I)

2. ____ The school’s annual audited financial statements. The first audit that must be posted is the audit for the 2009-2010 budget year. This report will not be ready until the fall of 2010 for most schools. Obviously, it cannot be posted by July 1. It must be posted when it is ready. The school may post earlier audits but is not required to. 22-44-304(1)(a)(II)

3. ____ The school’s quarterly financial statements beginning after the first quarter of the 2010-2011 budget year (i.e., the quarter ending on September 30, 2010). If a school does not prepare quarterly financials, it must begin doing so. 22-44-304(1)(a)(III)

4. ____ The school’s salary schedule or policies commencing with those applicable to the 2010-2011 budget year. 22-44-304(1)(a)(IV)

All of this information must be updated within 60 days of the issuance of new data. The school must maintain the two prior years’ data online.

The school must put a link on its webpage to CDE’s website where the public may access information submitted directly to CDE.

The Act also requires the following

5. ____ Commencing July 1, 2011, the school must begin posting its accounts payable check register and credit, debit and purchase card statements in a downloadable format. Schools that rely on their district for accounting services have one year to work out a method of compliance. 22-44-304(1)(b)

6. ____ Commencing on July 1, 2012, the school must post an “investment performance report” for its investments. 22-44-304(1)(c)
