WAYS TO ENGAGE STAFF AND FAMILIES

There are things you can do to promote the civic engagement of your staff and families:

• Encourage students, families and staff to register to vote or confirm their registration
• Share important information about the election
• Tell them why these elections are important to your school
• Include what might be different for your school depending on the outcome
• Share opportunities for them to interact with candidates like forums
HOW TO REGISTER

In Colorado you can register in English or Spanish:

• **On-line** if you have a valid ID or driver’s license issued in Colorado
• **Paper forms** can be used if you do not have an ID or license issued in Colorado. Forms can be returned to your local clerk and recorder’s office.
• **In person registration** can take place at your local Department of Motor Vehicles up through October 25th or at a polling location on election day with the required identification.
GET INFORMED

Learn about the candidates:

• Find out who is running
• Research candidate beliefs, their positions and who supports them
• Investigate their position on public charter schools – do they consider them part of the district’s family of schools
• Look for questionnaires published in local newspapers
• Attend an event with candidates and ask them questions
COMMIT TO VOTE
What you should know:

- Election day is Tuesday, November 2\textsuperscript{nd}
- Ballots will be mailed to the address connected to your voter registration and will be received by mid-October

- There is a lot at stake
- Change can’t happen without you

  - **Pledge** to register and vote
  - **Learn** about the candidates
  - **Share** what you know with at least 5 friends or family members
