Steering Committee Update

CEO Symposium Around the Corner!

We have a fabulous group of more than 30 members and prospective members, as well as a dozen sponsor-speakers gathering in Sioux Falls, SD May 3-4-5 2022 for the 10th annual chief executives only community gathering! Last chance to register, please visit our website!

Affinity "Groups" this Fall!

The Consortium digital community is forming a few key "Groups" this Autumn, chosen by the members of those 2-3 key functional topics of highest priority for engaging their functional executive teammates. An IT/Tech Group has formed as the pilot, with others planned. "Groups" is a new engagement benefit for Members! *Join us!*

As Spring emerges & our Lenten practices bring us closer...

We find ourselves focused on the three-fold graces of deeper *prayer, fasting, and almsgiving* to ensure we are ready to reflect upon the death of our own adoration of our Lord, accompanying Christ in his passion, death, and resurrection to new life! *How will you unite your life's crosses, big or small, to the actions of Jesus during Holy Week to share in His glorious Easter triumph?*

"With the Consortium being a relatively new organization, I think there is a lot of value to learn and collaborate with our peers across the country...I have been a part of similar organizations in the past and the value of this is critical.

Probably like many of us, I have always been an active Catholic and the work I did in my parish, or in community organizations was separate from my professional career...this new opportunity to lead the Catholic Community Foundation of San Diego provides what I've often called a "marriage" of my skills and my passions.

The Consortium's contacts, the sharing of experiences, the constant desire to improve are trails I hope to see among my fellow members."
